♥ What's Your Love Story? ♥

A few years ago, we published the heartfelt Hamilton love story of Susi Rodriguez and Steve Shapiro — a tale that touched the hearts of countless *Bugle* readers! The overwhelming response has inspired us to ask for more stories!

We want to feature **YOUR** Hamilton High School love story in the Fall 2025 edition of the *Bugle*! If you have a story to share, please send it to Doritt Diamond at info@hamihighalumni.org — and don't forget to include one or two photos!

We can't wait to celebrate love with you! ♥

President's Message

You should feel proud to be a member of the Hamilton Alumni Association as we work to improve the lives of Hamilton students and graduates.

We were approached by the counselors at Hamilton in mid-December, and they said there were a number of students whose families needed financial assistance. We stepped up with \$100 Target gift cards for 38 students, making their holidays a much happier time. (See the story below.)

HAA is currently working on a significant project that will greatly enhance the lives of Hamilton students who graduate and pursue college. The transition from high school to college can be challenging for all students, but it is particularly tough for those who are the first in their families to continue their education after high school. We have many students who fall into this category. What is it like to live in the dorms? How many courses should I take? Who are the great professors? Should I attend office hours with my teachers? Etc. Etc. Etc.

To address these issues, we have created the HAA Mentorship Program, which will begin serving graduating students in June 2025. The graduates will be paired with a student attending their college who graduated Hamilton one, two, or three years ago and can help them meet the new challenges they are facing.

Although this program will be costly, we hope to demonstrate our success in helping our students and secure grant funding to help pay for it in the coming years. I am also hopeful that both the mentees and the mentors will appreciate HAA and the good work we are doing and, as a result, will become members of our organization so that it can continue for decades to come.

Our alumni association's membership grows older every year. The good we do today will help ensure a brighter future for our HAA.

Stephen Angel S'66, President of HAA 🎓

HAA HOLIDAY GIFT BAGS

By Eden Comess-Daniels, LCSW, PPSC
A-G Diploma Program Counselor

DURING THE 2024 HOLIDAY SEASON, Hamilton students experiencing homelessness and foster care received \$100 in gift certificates to be redeemed at various businesses.

The Hamilton Alumni Association, Hamilton Booster Club, Friends of AMPA, and Friends of Humanities donated a total of six thousand dollars in gift certificates to Target, Starbucks, and In 'N Out Burgers. Target was chosen as the main gift card because we felt that it gave the students more autonomy over choosing what they actually wanted for a gift. And we know that the students love Starbucks and In 'N Out!

The students and their families were incredibly grateful and excited for the gifts. They sincerely thank everyone who donated and made their holiday season a little brighter.

Special thanks to Dan Blank, Hami AP and Hamilton Alumni Association Board Member; April Monroe, Hami AP; and Susan Thurmond O'Neal, Hami Booster Club, for coordinating the donations and gift bag rollout. 🎓

HAA NEW BOARD MEMBERS

DIANE ROSENBERG GLICKMAN '66

I am a second-generation Los Angeles native, born at St. John's Hospital in Santa Monica. I went through the Los Angeles Unified School District from kindergarten at Carthay ES, to

Castle Heights ES to Palms MS to Hamilton High School. We lived in Beverlywood, and my family home was on Guthrie Drive. If you knew me in junior high or high school, lots of kids were invited over to our house. My parents were Marvin and Leah Rosenberg. My sisters Judy Rosenberg Mitchell, and Gail Rosenberg Zucker attended Hami. My brother attended Venice High School for Gymnastics. I was a member of many service clubs, and my favorite teacher was Mr. Sarno, my English teacher.

I graduated from Hamilton in the summer of 1966. I then attended the University of Oregon in Eugene, where I spent two years before returning to Los Angeles to enroll at Cal State University Northridge, where I earned a BA in Sociology with a minor in Visual and Graphic Arts. I worked in the Social Welfare System, joined VISTA, and assisted students in the Criminal Probation System. Later, I changed gears and returned to Cal State Los Angeles, where I obtained my master's degree as a reading specialist along with two California credentials. I worked at Monrovia High School and then at Baldwin Park in a continuation high school. My aim was to make a difference for children facing social, educational, and emotional challenges.

In 1978, I married Morrie Glickman, the CFO of an aerospace company, who attended Hami's rival Fairfax High School, our rival that Hamilton High School still competes against. We lived in Marina del Rey, had two wonderful sons, and later moved to an upscale neighborhood in the hills of Los Angeles. Morrie has since retired, plays golf at Mountaingate Country Club, is a fantastic grandfather, and serves as my travel partner as we explore the world.

I switched careers while raising our two sons and moved into Sales and Marketing for national, regional, and local publications, launching several consumer magazines. It was an exciting and stimulating profession, but I missed teaching. When our sons reached middle school, I returned to CSUN. I obtained my Special Education credentials, bilingual certification, and autism training at UCLA, teaching for LAUSD at Palms Middle School for over 20 years as the department chairperson and mentor teacher. I initially retired but later returned to substitute teaching and ultimately retired again in 2022.

We are proud of our family our son, and grandsons: Seth Glickman, M.D., daughter-in-law Alisa, Shawn (8), and Dean (3 ½); our son Todd Glickman (CFO Navitas); daughter-in-law Jennifer; and grandchildren Ethan (7 ½); Austin (5); and Hannah (almost 3). Being a grandparent is grand! Our current baby, Riley, our King Charles Cavalier, requires lots of attention.

I am an LA girl, and I always have been. I have actively engaged in the community by working with the Venice Family Clinic, Stephen Wise Temple, CSUN Board Member Michael D. Eisner College of Education, and more. I take pride in serving on the Hamilton Alumni Association Board to increase membership and scholarship funds for our student population at Hamilton High School.

THOMAS C. MCLURKIN, JR. '72

I am a native Angeleno, the eldest of five siblings who all attended and graduated from Hamilton. For the 50th Anniversary Celebration, we were proud to add a family tile to the main building and post our photo in the souvenir booklet.

I began my education at Cienega Elementary before transferring to Crescent Heights then onto Louis Pasteur Junior High School and finally to Hamilton. At Hamilton, I lettered on the track team, served as the head Yell leader, and held the position of Senior Class Boys' Vice President, for the Kaheelawanie Class of 1972. Outside of class, I was involved with the Boy Scouts of America, attaining the rank of Eagle Scout.

I am a third-generation graduate of the University of Southern California (USC). My parents met there in graduate school, and I was born on campus in the Methodist Hospital.

Additionally, my aunts, uncles and Godparents were attending the University at the same time, right after World War II.

At USC, I was a member of the crew team, a yell leader, and an honors history student. I spent my last semester at the USC School of Public Administration in Washington, DC. After graduation, I became the president of the Black Alumni Association at USC. I initially worked for Pacific Bell Company, then returned to USC to earn a master's degree in Public Administration. Later, I attended law school. I married the daughter of my 6th grade teacher from Crescent Heights, and we have jointly five children.

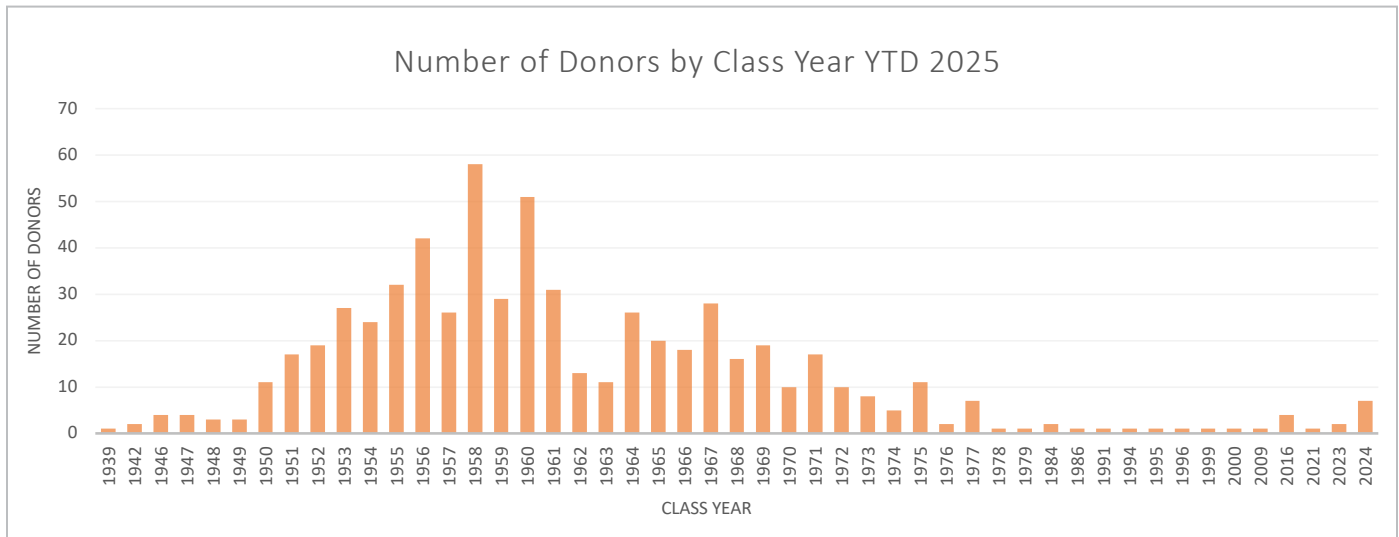

I started working for the Los Angeles City Attorney's Office as a law clerk at the Dept. of Water and Power. Then, after passing the Bar Exam, I worked in the criminal branch of the office as a prosecutor. After five years, I went back into civil law, to the Dept of Water and Power, for 10 years, then back to City Hall within the civil branch doing major tort personal injury litigation.

In 1987, I joined the U.S. Army Reserves as a Judge Advocate (JAG), where some of my assignments included aide-de-camp to a commanding general, legislative assistant at the Pentagon in the Executive Office of the Secretary of Defense, Commander of a legal unit headquartered in Northern California, which had an area of responsibility that included Arizona, Northern California, and Hawaii. My military unit provided legal advice to soldiers and commanders regarding various support services for soldiers before deploying overseas.

I retired from the Los Angeles City Attorney's Office as a Deputy City Attorney and from the military with the rank of Colonel. Since retirement, I have been on the Board of Governors of the USC General Alumni Association, have worked with Boy Scouts and Girl Scouts, and continue to volunteer with the Pasadena Tournament of Roses Association, as one of the White Suiters putting on both the Rose Parade and the Rose Bowl Game, where I have served on various committees for more than 30 years.

Hamilton Alumni Share Their Ideas for the Future of HAA

THE HAA MEMBERSHIP CHALLENGE

HAMILTON ALUMNI ASSOCIATION PROPOSAL

Krystal Briseno '16, Isaiah Culanda '16, and Gaby Hernandez '16 are enthusiastic alumni who want to become involved and support the Hamilton Alumni Association. They recognized that encouraging younger alums to join is critical to the organization's future success. They drafted a proposal to support and increase HAA membership, which they presented to the HAA Board on December 11, 2024.

OUR MISSION IS:

To fund enhanced educational opportunities and experiences for current students, to support teachers and administrators in their effort to provide a quality education at Hamilton, to provide scholarship support for graduates seeking higher education, and to reconnect the alumni and strengthen ties among them and with the school community. We hope to do this in the following ways:

Gaining Membership and Improving Retention (long-term)

- Familiarity with soon-to-be alumni (on-campus efforts)
- Social media outreach and engagement (metrics)
- Addressing key points of alumni disengagement (time, money, distance, uncertainty)

Involving and Serving Current Students and Recent Alumni (short-term)

- Volunteer administrative opportunities (A-G Service-Learning Project)
- Informational sessions and networking events
- Fostering mentor/mentee relationships

Leveraging Readily Available Resources

- Industry/Institutional knowledge and social capital
- Utilizing faculty/staff-student relationships to learn student needs
- Internships, job shadows, etc.

How Do We Get There?

- Goal: Create an ongoing, involved association that can serve students and alumni at every stage
- Find alumni with marketing, data, and administrative skill sets
- Back-up: hiring part-time staff
- Establish clear metrics for success
- Form committees

SCHOLARSHIPS

We ask scholarship recipients to share their feelings about receiving an HAA scholarship.

Dear Scholarship Committee,

Thank you and the HAA Scholarship Committee for this generous recognition and financial support. I am committed to representing Hamilton High and the HAA proudly at UCLA.

Sincerely,

Emily Inez Gutierrez

Dear Scholarship Committee,

I would first like to thank the Hamilton High Alumni Association for providing me with this amazing UCLA scholarship. This scholarship provides me with a variety of grand opportunities to further my education and obtain an unhindered success in life.

Best regards, *Elijah Gordon*

Dear Scholarship Committee,

Thanks to you and everyone else at the Hamilton High Alumni Association for the opportunity to receive a scholarship for UC Santa Barbara. It truly means a lot to me.

Always a Yankee,

Daniel Lopez Bautista

Dear Scholarship Committee,

It is with deepest gratitude that I accepted my scholarship. Receiving this award is a testament to my hard work, and I am beyond honored to be recognized because of it.

The scholarship will enable me to continue pursuing my dreams in Computer Science and significantly reduce my financial burden. As I begin college, I can focus on my studies because your financial support will help cover expenses such as tuition, books, and necessary materials. Your sincere investment in my future goals will not be forgotten. I am dedicated to working hard in my academic endeavors and aspire to contribute meaningfully to the fields of data analytics and cybersecurity.

I want to thank every member of the scholarship committee for investing in my future educational pursuits at Loyola Marymount University. As my mother says, it truly takes a village to raise a child. Thank you for being part of mine.

Sincerely,

Christian Campbell

HAA SCHOLARSHIPS

We are pleased to announce that \$94,650 was awarded to 33 Graduating Seniors, Class of 2024!

Our Scholarship Recipients are attending the following schools:

.....

University of California

UC Berkeley (2)
UC Davis (2)
UC Merced (2)
UC San Diego (3)
UC Santa Barbara (3)
UCLA (3)

California State University

Cal Poly San Luis Obispo
CSU Long Beach
CSU Monterey Bay

Los Angeles Community College (2)
Santa Monica Community College

Clark Atlanta University

Hampton University
Harvard College
Howard University
Loyola Marymount University (2)
Rice University
USC
Vassar College
Wesleyan University

September 16, 2024
Dear Alumni Association,
My name is Sofia J. and I received a scholarship award this year (2024). I wanted to take the time to express my gratitude to the Hamilton High Alumni Association for providing me financial support to begin my college journey. I am beyond excited to have the opportunity to pursue a higher education that in the long term will allow me to build a career for myself. Thank you for being a part of this incredible journey. I hope to one day in the future also give back to my community and support students who dream of the possibility of going to college. Again, thank you so much for your support.

Warmly,
Sofia

BARBARA SIGAL PINE '56

1938 – 2022

HAMILTON ALUMNI ASSOCIATION BENEFACTOR

We are profoundly grateful to Barbara Pine, who, upon her death, provided a remarkable gift to the Hamilton Alumni Association.

Barbara's generosity created **The Yankee Scholarship**, which will provide a four-year scholarship to a graduating student this year and annually to students for generations to come.

Barbara was a dedicated educator who valued her profession as an essential and satisfying career.

To honor Barbara's memory and wishes, Hamilton students who select teaching as an educational path will be given priority in the Yankee Scholarship process.

We wanted to learn about Barbara and contacted her close friend, Sharon Elson ('60), to learn more about her.

Sharon, please tell us about Barbara... How would you describe her in one word?

Sharon: Remarkable!

How did you meet?

Sharon: We met at Burbank Blvd. Elementary School when we were both new teachers and remained close for the rest of our lives. (Ironically, we were both students at Hamilton but did not know each other there.)

Barbara was an outstanding teacher and had great success in her career. She worked as an elementary reading support teacher, a special education teacher, a resource specialist, a coordinator, and in

“understanding financial issues was a ‘superpower’ that enabled her to manage her life successfully and help others with their financial challenges.”

her final years of teaching, she taught kindergarten. She loved working with students and enjoyed mentoring other teachers.

What was she like?

Sharon: Barbara was a caring, kind, and generous woman. She was a happy, busy person who enjoyed her life with friends, activities, and

BARBARA SIGAL PINE '56

HAMILTON ALUMNI ASSOCIATION BENEFACTOR

travel. Barbara was married to Alfred for over 50 years; they had no children.

Barbara was my dear friend, really like a sister, with whom I spent a great deal of time. Over the years, she became close to my children and grandchildren and was like another aunt and grandmother to them. She lived a very active life until she had a stroke, which sadly compromised her final years.

What are six interesting facts about Barbara?

Sharon:

1. Barbara was bright and very good at math. She probably would have been a successful accountant, as understanding

financial issues was a 'superpower' that enabled her to manage her life successfully and help others with their financial challenges. But Barbara had always loved education and wanted to be a teacher.

2. Blanche Bettington was the Hamilton teacher Barbara most admired. She often spoke about her and how she had wanted to be an inspiring teacher like her—and she was!
3. Barbara was knowledgeable about food and careful about what she ate.
4. She exercised, cared for herself physically, and enjoyed hiking

with a group in the Santa Monica mountains.

5. Barbara loved to travel and visited many countries worldwide, including Europe, South America, South Africa, and Mexico.
6. After retirement, Barbara contributed to her community in various ways, both monetarily and with time. For decades, she continued to support and guide new teachers and was an active member of the California Retired Teachers Association.

Barbara Pine will always be remembered as an exceptional teacher who transformed countless lives during her career. Her legacy continues with the Yankee Scholarship, for which we are extremely grateful. 💰

HAVE YOU THOUGHT ABOUT PLANNED GIVING?

TO BENEFIT THE HAMILTON HIGH SCHOOL ALUMNI ASSOCIATION?

Ways to Give

Barbara Pine thought about it, and she did something about it!

PLANNED GIVING is the process where donors create a financial or estate plan in which they formally decide to give something of value to an organization at a future date. Planned Giving provides a gift upon your death, a significant way to make an incredible difference in the lives of graduating seniors at Hamilton!

Planned Gifts Honor the Legacy of the Donor

Establishing a planned educational gift adds a personal touch and has a lasting impact on the lives of our students today and in the future.

Bequests

Bequests are simple, flexible, and versatile gifts to the HAMILTON ALUMNI ASSOCIATION (HAA), specified in your will. Because the gift is made after your death, you can change your mind at any time by simply altering your will. You can designate anything from money to a treasured possession to a percentage of your estate. Additionally, bequests qualify for an estate tax charitable deduction for their full value.

Beneficiary Designations

Naming HAA as the recipient of your assets, IRAs and retirement plans, or life insurance or insurance annuities allows you to support HAA and often leaves your heirs with many tax advantages. Life insurance policies are a low-cost way to leave a significant gift by naming HAA as the beneficiary.

Endowed Gifts

Endowments are gifts that provide a permanent pool of support for HAA scholarship programs. Professionals invest the funds on behalf of HAA to support our programs for many lifetimes. You can create an endowment using cash, securities, or other assets.

Real Estate

For many of our supporters, few things are as satisfying as knowing the place they've called home will become a sizeable gift to HAA upon their passing. Real estate gifts are good ways to enjoy your home today and pass on its value so HAA can sustain its ever-expanding support for our graduating students. Also called a retained life estate, you have the right to retain ownership of the property throughout your lifetime.

For more information on making a planned gift, please contact: **Bob Raskin, kab6plus9@gmail.com**

Our students thank you for your support!

WE EXTEND OUR HEARTFELT COMPASSION
TO THE MEMBERS OF THE HAMILTON ALUMNI COMMUNITY
WHO WERE AFFECTED BY THE LOS ANGELES AREA FIRES IN JANUARY.
OUR THOUGHTS ARE WITH YOU DURING THIS CHALLENGING TIME
AS YOU WORK TOWARD RECOVERY AND RESTORATION.

'53 KENNETH STEIN, W'53 — Redondo Beach, CA. I graduated from Hamilton High School in 1953. I want to say that I've been sending at least one donation every year to H.A.A. since then. I am so impressed with how the school keeps in touch with its former students. I just turned 90 years old, and hopefully, I'll still be around for some time. Marvin Sugarman was a great president of the Alumni Association, and he did a lot for the school during his long tenure. I know the new people taking his place will be just as awesome. Good luck, and I know everyone will do what it takes to keep those donations coming in as before.

'58 SIG DIAMOND, S'58 Caprisians — Calabasas, CA. I enjoy being a counselor since graduating from the Wagner Program six years ago. In my work, I began to realize that, in today's world, many men have new challenges: either with their own lives or as caregivers for their mothers or wives. I saw that these men, who would benefit from support, were generally uncomfortable expressing their feelings/concerns in mixed groups.

Recognizing this, I started men's caregiver groups and men's support groups at several locations in the Los Angeles area. The men in the caregiver groups deal with their fear, guilt, anger, resentment, and loss. The men in the support groups deal with family, business, financial, and dating issues.

The men are encouraged to openly share their feelings in a safe environment with other men experiencing similar feelings. As we know, "men don't ask for directions." In these groups, men have a voice and ask for assistance! I enjoy helping them get through their difficult times. I am the happiest I have been in my entire life!

'60 CAROL OLODORT OSTROFF, '60 — Encino, CA. High school friendships

endure through the years. We were friends at Hamilton, but after graduation in S'60, we all went our

separate ways: college, careers, marriage, and children. Still, we kept in touch on and off through the years.

Then, in the year we all turned 65, we decided to celebrate by going on a weekend trip to Napa Valley. There were eight of us. Dana Baron Morris and Eileen Kass Imber flew in from New York; Genie Ladinsky Stephenson came from British Columbia; Myra Esterowitz Aronson came from Novato, CA; and Paulette Wizen Blumenthal, Barbara Leichman Koffman, Judy Goldenberg Weissman, and Carol Olodort Ostroff came from L.A.

We all had such history together, regardless of our present lives. We grew up together and knew each

other's parents, brothers, sisters, and pets. We immediately picked up the old friendships, remembering everything we did together years ago. Needless to say, the trip was fabulous, and we had unending conversations! That trip rekindled the feelings we shared for so many years, so we decided to keep going.

Two years later, our next trip was to Savannah and Charleston—more eating, sightseeing, and talking.

Two years later, the same group met in San Francisco, and two years after that, we met in New Orleans for more fun. Our last trip was to Seattle, where we continued to enjoy one another and keep up our connection with great fun.

Unfortunately, COVID intervened. So, it's been four years between trips, but we're still going strong despite aches, pains, surgeries, and wrinkles. We're talking about our next trip, possibly to Chicago.

We do meet several times a year for lunch, especially when the out-of-towners visit. We catch up on our lives, the books we're reading, and the movies we've seen, and we acknowledge the value of our friendship.

'61 DEBBY PROHIAS — San Gabriel.

Photos by Walt Mancini Staff Photographer
Photos by Debby Prohias include, far left, "Catalina Adventure"; left, "Santa Barbara House"; above, "Iris and Pebbles."

Photographer focuses on nature

By Michelle J. Mills, SGVN
twitter.com/mickies200

As the days grown warm and long, many families plan road trips to picturesque locales ready for memory-making. Colonnade Art Gallery and Studio in Pasadena gives a nod to this tradition with the group exhibit, "National Parks and the Animals That Inhabit Them," opening Saturday.

"This would be a very inspirational show to people who want to travel this summer," said photographer Debby Prohias of San Gabriel.

Prohias has been serious about photography for 20 years and regularly shows her work at Colonnade. She uses a digital camera, works in dark-room and uses Photoshop, scan art and double exposure techniques.

"With double exposure, I look at things all around me in my environment and I try to match them up like a jigsaw puzzle," Prohias said.

For example, in "Iris and Pebbles," a shadow of blooms is blended over a patch of pebbles in a double exposure, for a soft mosaic effect. In another shot, oversized foxgloves appear to be vining their way up a tower, suggesting an illustration in a storybook.

Using Photoshop, Prohias combines images for whimsical works, such as replacing the sky over the city of Avalon on Catalina Island with a brightly hued painting of fish skin to a Richard Bunkall painting.

Prohias is always open to inspiration.

"I look for light, lines, color and the time of the day," she said. "It doesn't necessarily have to be in the morning or at night, I photograph any time. If I look at something that jumps out at me, I will photograph all angles of it and just have a good time with it."

Nature is easily Prohias' standard theme (she is an avid gardener), but lately she has been turning her attention to capturing her grandchildren's many activities when they visit. For "National Parks and the Animals That Inhabit Them," she will present mainly black and white film photographs of Yosemite, including one of her favorites, a traditional double exposure of Yosemite Falls and a cactus flower.

The first seed of Prohias' interest in photography was planted by her mother, who often took pictures of her and her two sisters growing up in Los Angeles in the 1950s.

"My mother had one of these Brownie box cameras," Prohias said. "I remember one she took of us in the backyard with our father, and I was captivated by that."

But it wasn't until college that Prohias took her first photography class. She went on to obtain degrees in secretarial science and anthropology and work as a secretary and administrative assistant at several colleges, including Pasadena City College. In 1996, Prohias went back to school and earned a printing technology certificate of achievement in imaging and composition at Pasadena City College.

Today, Prohias works as a freelance photographer and is a member of the Pasadena Photochromers. She also enjoys hiking and grafting fruit trees and belongs to the Foothill Chapter of the California Rare Fruit Growers. But perhaps her biggest achievement is simply being alive.

"I'm a breast cancer survivor, so every day has meaning to me and every day is a gift," she said. "I consider myself very, very lucky to be here."

There will be a free grand opening for "National Parks and the Animals That Inhabit Them" 5:30-8:30 p.m. Saturday.

The next show at Colonnade Art Gallery and Studio will be "Urban Landscapes — Old Houses, Bridges, Street Scenes, Famous Buildings and Freeways" Aug. 4-26.

michelle.mills.sgvn.com
626-962-6871 ext. 2128

'62 NANCY SHANBAUM KNUPFER, S'62, Tai Shan — Orange County. I recently moved to Orange County.

'64 STEVE STRUMAN, S'64, Vriendens — Carson City, Nevada. After leaving the Air Force, I lived in Orange County from 1970 to 2015, and then we moved to Carson City in 2016. I have been involved in model railroading since junior high school, and I have been an active member of the Southern California Railroad Museum (OERM) since 1989. Additionally, I was a docent at the Nevada State Railroad Museum until 2023. I am now enjoying my retirement from Pacific Telephone.

'66 NORMAN CHUNG, 1966 — Zephyr Cove, NV. I live less than a mile from the casinos in South Lake Tahoe, and I have worked at Harvey's Casino. I also teach at Lake Tahoe Community College.

'67 JERRY LEIBOWITZ, 1967, Kealoans — Culver City, CA. I have put aside my painting, visual art, and animation projects for the past three years. I have been writing a screenplay for a life story I optioned about four St. Louis teenagers in the 1960s who nearly became the next Beatles.

'68 BRENDA CHAVIS CLARK, S'68, Maraishans — Los Angeles. I'm retired and enjoy traveling and lunches with friends.

'70 CAROLE KIRSCHNER, 1970 — West Hills, CA. I started my career in the

entertainment industry as a stand-up comic right after college. I loved it and found some success, but I often felt undervalued as a female comedian in the '70s. Eventually, I transitioned to the 'other side of the desk' and became a television development executive. I worked at CBS and was also the vice president of Stephen Spielberg's first Amblin Television Department.

After getting married and having my daughter, I decided to change my life to spend more time with her. I became an entertainment consultant and established the CBS Diversity Writers Program, which I continue to oversee to this day. I also manage the Writer's Guild of America Showrunner Training Program.

I stay very busy since I'm also an author. My book, Hollywood Game Plan: How to Land a Job in Film, TV, or Digital Entertainment, was published by Michael Weise Publishers in 2012 and is taught in colleges and film schools nationwide.

Additionally, I am an international speaker and entertainment career coach.

I love my work because all I do is help people. With over 40 years working in entertainment, I am truly the happiest woman in show business.

'84 LISA BAGBY, 1984, Olympians — Los Angeles, CA. I am a DEI director for Southern California in the healthcare sector. I enjoy international travel and speaking professionally at public events and conferences. I am currently writing a leadership workbook on emotional intelligence.

'84 LARRY BALFOUR, 1984 — Florida. I am a high school teacher, basketball coach, and entrepreneur.

'84 BRENDA (HYMAN) GOLDSTEIN, 1984, Olympians — Valley Village, CA. I recently traveled to Israel for two weeks. I visited my older son, who's learning in yeshiva in Jerusalem, as well as friends and relatives who have made Aliyah. You would never know that there is a war going on there, as people just carry on working, socializing, and doing whatever they did before — with the exception of hostage posters and patriotic signs everywhere, even on highway digital displays. I enjoyed hiking through Ein Gedi, Israel's awe-inspiring national park in the south, near Masada and the Dead Sea. The next day, it started pouring rain, and I prayed at the Western Wall.

'85 ROSALIND WASHINGTON-TILLMAN, 1985, Centurions — San Bernardino California. I am a nursing educator.

'86 DENISE GRIFFIS-ROSS, 1986 — Viewpark/Windsor Hills, CA. In August 2024, I attended the All-Class Reunion Cruise!

'91 NICHOLAS ABRUZZO, 1991, Palindromians — Burbank, CA. I am the assistant principal of Los Angeles County High School for the Arts. I recently attended an informal reunion of early '90s drama/musical theatre classmates at Ariella's house.

'94 BRANDAN LOBENFELD, 1994 — Fort Worth, Texas. I've been married for almost 12 years and have three daughters. I'm living life and having fun.

'95 JOHN ORTIZ, 1995 — After Hamilton, I took some time to figure things out. I received a culinary degree and worked with some of the best chefs in L.A. I became the Maître D' for a Ritz-Carlton property and helped earn a Michelin Star for the Dining Room. After that, I moved to Las Vegas and worked at the MGM Grand before opening up Mar'sel at Terranea Resort.

In 2009, I decided to leave food and beverage and focus on coaching synchronized swimming. I moved to Portland, Oregon, and coached a club

for five years. I helped develop long-term athlete development programs for US and Canadian organizations. I was a big part of the US National Team development program, which took me worldwide. I developed national team athletes who later became Olympians and coached a world bronze-medal duet.

From 2014 through 2020, I coached in Kitchener, Ontario, Canada, before moving back to Portland. I still dabble in the sport, but after a four-year experience with Amazon leadership, I moved on to transportation, and I am currently working as a light rail operator, and it's a lot of fun.

I also have a very needy husky/malamute named Jasper Tiberius Khan!

'95 YUMI KAWASAKI, 1995 — West Covina, CA. I am the principal at Edwin Markham Middle School in Watts. I work with a brilliant Hami alum, Genevieve DeBose! I am also a doctoral student at LMU.

'99 JAMES TEASLEY, 1999 — Los Angeles, CA. I am currently the director of risk management for the Regent Santa Monica Beach Resort. I enjoy the UFC and boxing!

'08 JULIA GAUCHE, 2008 — Los Angeles, CA. I recently received my master's in clinical psychology and work as a therapist in private practice and at a substance abuse treatment center.

'11 ASHLEY HATHAWAY, 2011 — Gardena, CA. I work as a shift supervisor at CVS, and my baby girl turned one on August 2nd.

'18 WILLIAM HUANG, 2018 — Los Angeles (right next to Hamilton High School!). I participate in college and physical activities, such as playing soccer.

'22 IVETTE NABOR, 2022 — Long Beach, CA. I am studying Healthcare Administration at CSULB.

HILDA SWARTZ, HAMILTON TEACHER. Hilda recently celebrated her 90th birthday. For over a decade beginning in 1970, Mrs. Swartz taught Home Economics at Hami while her late husband, Gordon Swartz, taught English. After

Hami, Mrs. Swartz proudly managed two Sonoma Valley farmer's markets on Fridays and Saturdays. She recently "retired" and continued to focus on her love of photography. Mrs. Swartz is an awesome inspiration to everyone. She is a teacher for life! Thank you, Mrs. Swartz! Happy birthday and many, many more!

—With love from the "Swartz Students" Class of 1976. 🍷

Part Two

IN 1992, I DISCOVERED THE AGAPE INTERNATIONAL CENTER IN WEST LOS ANGELES, WHERE REV. MICHAEL BERNARD BECKWITH TEACHES NEW THOUGHT AGELESS WISDOM SPIRITUAL PRACTICES KNOWN AS SCIENCE OF MIND, FOUNDED BY ERNEST HOLMES IN THE 1920s. IT IS A PHILOSOPHY, A WAY OF LIFE, RATHER THAN A RELIGION. I IDENTIFIED AS AGNOSTIC MANY YEARS AGO. NOW, I WAS ON THE PATH TO UNDERSTANDING GOD AS THE DIVINE PRESENCE EVERYWHERE, IN ALL AND AS ALL LIFE. I TOOK CLASSES AND BECAME A LICENSED SPIRITUAL PRACTITIONER. JOHN ALSO TOOK CLASSES AND BECAME A PRAYER PRACTITIONER. WE BEGAN MEDITATING TOGETHER, WHICH GREATLY BENEFITED OUR GROWTH AND EVOLUTION. WE ALSO MAINTAINED GRATITUDE JOURNALS, A WONDERFUL SPIRITUAL PRACTICE. WHEN WE PRACTICE GRATITUDE, IT'S DIFFICULT TO FEEL DISTRESSED OR DEPRESSED. AFTER 20 YEARS, I WAS HONORED TO BECOME PRACTITIONER EMERITUS.

Herstory — My Amazing Life

I joined the Agape 120-strong choir under the musical direction of Rickie Byars. I was incredibly grateful for this miracle of joyfully singing uplifting songs written by Rickie and Rev. Michael. It transformed my life. We were honored to perform with Stevie Wonder at our center. What a natural high! We held a July 4th concert at the John Anson Ford Theatre across from the Hollywood Bowl. We sang every month at three services to audiences of 2,500 people. Peak experiences.

I obtained a ministerial license from the Universal Life Church and have been fortunate enough to serve as the officiant for several weddings

Tatiana Wrenfeather
(Gail Ladinsky, '56)

.....
in Los Angeles and the Coachella Valley, my former home. I combined my spiritual teaching with my

knowledge of Food as Medicine. I facilitated 21-Day Cleanses at the Agape Center of Truth and the Center for Spiritual Living in Palm Springs, which had outstanding health benefits and were buoyed by loving spiritual support.

My two wonderful daughters, Lauren and Jennifer, got married in the Summer of 1996. My son Stefan married and moved to Australia with his bride. I sold my home, and John and I moved in together in our new home in West LA. We had a ceremony with eleven witnesses, and we got married on December 27, 1996 (without a license). John took Wrenfeather as his name to be politically correct.

Gage, my first doula assignment,

We honeymooned in New Zealand. We traveled to Mexico and swam with dolphins, camped in the wilderness, took 40-mile bicycle rides, explored Costa Rica, and Virgin Gorda in the British Virgin Islands, and made many trips to New York City, Maui, and Kauai, Hawaii. We camped at Tulum Meadows in Yosemite at the tree line, surrounded by countless amazing, colorful wildflowers, and enjoyed a swim in a frigid yet gorgeous alpine lake. We visited Prague, Czechoslovakia, while it was still under Russian domination. We spent a month in Colorado, climbing the Rockies, and loved the beauty and loving energy of Bali. We bicycled to museums in Holland and so much more. We took two cruises, to Alaska and the Baltic region on Holland America. They were selecting one woman and one man at the cha cha, waltz, and fox trot auditions for Dancing with The Stars at Sea. I loved to

dance, especially ballroom dancing, and auditioned on both cruises, being chosen twice to dance the Cha Cha on the first cruise and the Waltz on the second with professional dancers in the Saturday night Gala. What fun!

In 1997, I enrolled at the University of Santa Monica, which offered an amazing experiential program, and received a Master's degree in Spiritual Psychology in 1999. I taught spiritual practices and utilized prayer in my private practice.

Again, I was divinely guided, this time to train as a Birth Doula in 1999. A Doula is a person, usually a woman, who advocates for birthing moms, supporting them physically, emotionally, and spiritually

in hospitals, birthing centers, and/or at home, often assisting with a beautiful water birth. I was blessed to facilitate over 30 births in Los Angeles. My first doula experience was when my grandson Gage was born on Valentine's Day, February 14, 2000. It was a day filled with happy hearts and much love.

In 2001, John and I moved to Desert Hot Springs, CA, where natural mineral hot springs provided a very healing environment with no added chlorine. A few years later, we adopted a kitty named Annabelle and a puppy named Moodle. We became a cozy family. John and I taught yoga at our local senior center, while I continued my spiritual and nutritional coaching, achieving amazing reversals of health challenges. I led classes on the Power of Juicing & Spiritual Practices at the renowned Two Bunch Palms Resort.

Swimming with the dolphins

One Friday, my next-door neighbor Ginny was very upset. She had taken her six-month-old teacup Chihuahua, Brandy, to the vet because she was sick, vomiting, and lethargic. The vet delivered the bad news that Brandy was seriously ill with kidney and liver failure and needed to be euthanized. Ginny had an appointment to have her put down the following Tuesday. Given my success using food as medicine for my human clients, I figured it could also help Brandy. Ginny granted me permission to work with her ailing puppy. I explained that instead of feeding her, we would fast her. Through my years of experimenting with fasting, I learned it is an incredible healing modality. I took some fresh coconut water and a syringe and began giving Brandy squirts of this remarkable liquid. I did this on Friday and continued Saturday, adding freshly juiced vegetables from my kitchen. I repeated this

several more times on Saturday and continued into Sunday. By Sunday afternoon, Brandy had transformed. Her ears, once drooping, were now perked up. Her energy was remarkable. She was healed! On Monday, Ginny called her vet and canceled Brandy's lethal dose. I read the label on

.....

There are only two ways to live your life. One is as though nothing is a miracle. The other is as though everything is.

Albert Einstein

.....

the kibble Brandy was eating and found many unpronounceable and synthetic ingredients. I suggested a healthier brand of food for her. Some months later, Ginny called to tell me that Brandy was pregnant and about to give birth to her first litter, asking if I would assist with that wondrous event, which I happily did. After all, I was a doula. Brandy lived many years beyond that in radiant health and wellness.

In 2007, I became a volunteer chaplain at Eisenhower Medical Center. For seven years, I visited with the patients every Tuesday, listened to them, and held their hands as they shared their worries and concerns. With their permis-

sion, I prayed with them—with thousands of patients. Several of the patients told me that they were told they didn't need the procedures or surgeries after prayer. Prayer is powerful.

When I began my hospital service, I was told Eisenhower had a Celtic Harp program with a teacher who gave classes every Tuesday. They offered small harps to use for several months. I went for an audition and was accepted into the music program. I eventually bought a beautiful 36-string Celtic Harp. We gave Christmas Harp concerts every year until the hospital unfortunately cancelled their music and art programs, greatly supporting and uplifting their patients and volunteers. I was determined to continue playing and learning this magical instrument. I was blessed

Ram Dass taken in Hawaii at his home

to find an excellent teacher, Joanna Mell, who gives me weekly harp lessons on Zoom.

I was diagnosed with breast cancer, Metastasized BC, and finally lung cancer in 2003, 2010, and 2015. This happened after I was in a hit-and-run accident on the free-way and ended up with 11 broken bones. I am grateful for the miracle as I recovered totally from these surgical challenges without chemo and radiation. My food and prayer were my healing medicine. Many healers concur that cancer can be caused by heavy trauma, like auto accidents or bad falls, etc.

My beloved husband suffered from emphysema and severe COPD due to heavy smoking in his youth. He began to decline in late 2019. Shortly thereafter, the Covid outbreak occurred, and we stayed home while I cared for him lovingly. Towards the end, he was placed in hospice care. He passed away peacefully at home on May 15, 2022, surrounded by caring family. He is unforgettable, and I profoundly miss him.

I want to give a shout-out to my family: my wonderful children Lauren and her spouse Mark, and my awesome grandsons Gage and Hayden; my youngest child Jennifer and her sweet husband Billy; and my son Stefan down under in Australia with his dear wife Kim, daughters (my granddaughters) Ashley and Katelyn, and their children Jordy, Peyton, and Brylee. Brother Gary, his wife Gail, his sons Keith and Tyler, their spouses

.....

.....

and children, Annie, Jennifer, and great-nephew and niece, Jakob and Hazel. My sister Genie, hubby Michael, her kids Jamie and husband Dean, daughters Isabelle and Lena, and son Jeremy and daughters Makayla and Zara. Also, my dear cousin Heather Ladin Silver and her husband Nelson who both graduated Hami Hi in 1978.

When I examine the unfolding of my life, I realize that Divine Destiny guided me every step of my amazing journey. My Life has been filled with miracles, and I am deeply grateful. A very good prayer is simply "THANK YOU!" I am now retired as a nutritional and spiritual coach. I am always open to supporting anyone who is curious and/or interested in more information and/or guidance. My intention is to be of service and to love. As a human, I can easily make mistakes, which I pray will help me grow.

My Personal Mission Statement reads: I am a beneficial presence to all living beings, expressing love, wisdom, peace and gratitude all ways. My purpose and passion is to be a place for guidance and inspiration to my Self and others in creating radiant wholeness and wellness in body, mind and Spirit. I see the Divine Presence everywhere and know that in our Oneness with God/Spirit, all things are possible. 🙏

MARVIN SUGARMAN

1936 - 2022

PLAQUE DEDICATION CEREMONY OCTOBER 11, 2024

WHO WAS MARV SUGARMAN?

WHY DID THE HAA BOARD OF DIRECTORS DECIDE TO CREATE A PLAQUE IN HIS MEMORY AND HAVE THE PLAQUE PLACED AT HAMILTON HIGH SCHOOL?

Marv was a thoughtful, accomplished, and passionate individual, dedicated to Hamilton High School. He was a man with a vision and a mission, a charismatic figure, and an early member of the Hamilton High School Alumni Association (HAA). He was a driving force behind securing memberships and continued to work on behalf of the organization throughout his lifetime, which helped make HAA the successful organization it is today! We were so pleased to interview Marv and publish a story about him in the Yankee Bugle, #55, Winter 2021. To learn more about this inspirational individual, please visit the HAA website and read Marv's story! (<https://hamhighalumni.org/yankee-bugle-magazine/>)

Several Board members and members of Marv's family attended the dedication ceremony. Marv's son, Barry; Steve Angel, HAA President; Jennifer Baxter, Hamilton Principal; and Bob Raskin, HAA Treasurer, shared

remarks about Marv and the significance of his participation and dedication to Hamilton. Several attendees proudly wore their HAA green shirts! 🇺🇸

The HAA Board of Directors wanted to honor Marv's memory with a plaque commemorating our love, appreciation, and respect for him. The school administration determined that the plaque could be placed in the front hall of Hamilton, where generations of students could view it.

THE HAMILTON MODERNIZATION PROJECT UPDATES

By Dan Blank, Assistant Principal

We are pleased to report that we are moving along on schedule. The field is done, we are ready to stripe the track, and the press box is nearly completed.

Interim housing is being built in the baseball field area. Interim housing is our “fancy name” for the temporary classroom spaces for teachers when we move forward with the project. During the first part of phase two, 10 bungalows and the Humanities building will be removed. Most teachers in those spaces will be relocated to bungalows on the baseball field. 🏡

These are very exciting times at Hamilton!

EILEEN (WEINTRAUB) DARDICK, S'65 has been teaching cooking, as a hobby, for more than 30 years. Her classes convey her passion for healthy cooking alongside a healthful lifestyle. Eileen has showcased her cooking in the Beverly Hills Adult School Program, in cooking stores, and grocery chains — Bristol Farms, Sur La Table, Kitchen Conservatory, and more. In addition, she co-authored two cookbooks: *Cooking the Light Fantastic* and *Lite-er and More Fantastic*.

Here we go again – another Spring is upon us, and the living is easy. So, let's make this easy. A cool drink with a couple of appetizers while you sit around and enjoy the refreshing weather.

MENU

BURST INTO SPRING

CRUSTY ARTESIAN BREAD
(PURCHASED)

BAKED CHICKEN THIGHS
(OR BREASTS IF YOU MUST)

SUMMER CORN SALAD

SORBET
(WITH FRESH BERRIES)

Crusty Artesian Bread

(Purchased)

Then it's time to eat again, and I want to take a moment to tell you how to refresh stale bread. (There's nothing worse than having wonderful, tasty bread that gets stale. So here are two ways to make your bread taste fresh, again.)

1. **OVEN METHOD:** Dampen the bread under the faucet and wrap the whole loaf in foil. Reheat for 15 minutes in a 300°F oven. After 15 minutes, unwrap the loaf from the foil and continue baking for another 5 minutes.
2. **MICROWAVE METHOD:** The best approach is to microwave the bread wrapped in a damp paper towel and then heat it in your toaster oven for a few minutes.

Baked Chicken Thighs

(or Breasts if you must)

The best Baked Chicken Thighs! They bake up juicy and tender with the most delicious seasonings and crispy skin. This easy chicken recipe is a favorite, loved by adults and kids alike.

Servings: 4 servings

Prep Time: 10 mins

Cook Time: 35 mins

Total Time: 45 mins

INGREDIENTS

For the Seasoning:

1 tablespoon Italian seasoning or dried oregano

2 teaspoons brown sugar
2 teaspoons paprika
2 teaspoons garlic powder
1 teaspoon onion powder
1 teaspoon coarse Kosher salt or ½ teaspoon table salt
½ teaspoon black pepper

Other Ingredients:

2 pounds skin-on bone-in chicken thighs 6-8 bone-in thighs, see note below about boneless
2 tablespoons olive oil

INSTRUCTIONS

1. Preheat oven to 400° F. Set out a 13x9-inch or similar baking dish or line a rimmed baking sheet with foil or parchment paper.
2. In a small bowl, whisk together the seasonings until well combined.
3. Pat the chicken thighs dry with paper towels and place them in the baking dish.
4. Rub both sides of the chicken with olive oil. Sprinkle the seasoning mixture over the chicken, rubbing it on both sides of the chicken thighs. Try to rub some of the rub underneath the skin as well as on top of the skin for the most flavorful chicken. Arrange the chicken thighs skin side up on the pan.
5. Bake in the preheated oven, without moving or turning, until the internal temperature of the thickest part of

the chicken (not touching the bone) reaches at least 165° F. This will take about 30-40 minutes, depending on the size of your chicken thighs.

6. If desired, you can broil the chicken for a few minutes to get the skin extra crispy. Be sure to use a broiler-safe baking dish/pan and do not put parchment paper under the broiler.

NOTES

- If using boneless, skinless chicken thighs, they will take about 10 minutes less to cook through.
- If you find that you must use breasts, make them boneless. It's best to pound them with a mallet to make the thickness of the breast even. Watch them carefully and do not overcook them or they will dry out.

Summer Corn Salad

Corn Salad is light and flavorful, dressed simply with Italian dressing. It's easy, quick and perfect for Spring and Summer

Servings: 4

Prep: 7minutes mins

Total: 7minutes mins

INGREDIENTS

3 Tbsp. olive oil divided
1 Tbsp. lime juice
¼ tsp. salt
1-½ C. corn fresh or thawed frozen corn
1½ C. cherry tomatoes halved
½ C. cucumber finely chopped
2 Tbsp. fresh basil minced
1/3 C. crumbled feta cheese
2 Tbsp. Italian dressing (optional)

INSTRUCTIONS

1. Whisk together 2 tablespoons of oil, lime juice, and salt in a small bowl and set aside.
2. Cooking corn in a skillet with remaining oil until tender.
3. Pour corn into a large bowl, cool slightly and add tomatoes, cucumber, and basil. Refrigerate until ready to serve.
4. Right before serving, drizzle with dressing, feta cheese and Italian dressing (if desired). ENJOY!

Sorbet (with fresh berries)

Purchase sorbet and serve with fresh berries. 🍓

PATRICIA FIEDLER — Iroquois S’41, passed away September 23, 2024, in Glendale, CA. Beloved wife, mother, grandmother, great grandmother and friend, Patricia Irene (O’Neill) Fiedler, she was 100.

Patricia was born in Caldwell, Idaho, on April 2, 1924, to her parents Irene and Edmund O’Neill. According to Patricia’s mother, the birth certificate erroneously listed April 1, so Patricia celebrated both days as her birthday for most of her life.

Patricia grew up in Southern California. She graduated from Hamilton High School in Los Angeles in 1941. Patricia graduated from UCLA with an AA in 1943, and from Mount St. Mary’s College in 1946 with a BS in Economics.

She later worked at the Union Oil Company, where she met Fred S. Fiedler in March of 1947. Six months later, Patricia & Fred married on Sept. 20, 1947. They were married 60 years until his passing in 2008. They initially lived in Burbank and then moved to Glendale in the 1950s. They needed to move to yet another house in Glendale to accommodate their growing family that ultimately totaled 12, with four girls and eight boys.

Patricia is survived by 11 of her 12 children and their spouses including: Stanton, Patricia (Michael), Maureen (Patrick), John (Christine), Frank (Christina), Jim (Roanne), Bill, Patrick (Karen), Mary (Ed), Mike (Margot) and Thomas..

She is also survived by 22 grandchildren and 17 great-grandchildren. And, she is survived by her half-sister Diana (George) Rost.

She was preceded in death by her husband and her eldest child, Katherine, who passed away earlier this year.

JAMES GRISWOLD DAVIS — class of 1942, passed away September 4, 2024. Known to his family and friends as “Jim,” he was born January 9, 1924, and raised in Culver City, CA. Early in life, Jim found his first passion in the rodeo, working at stables in high school, and riding broncs and bulls. In 1942, he discovered his second passion when he accepted a job with the National Park Service as a forest firefighter.

In 1943, Jim joined the Army to serve in World War II and was assigned to a Military Police Battalion to escort prisoners of war from Europe to U.S. soil. In 1944, he was reassigned to the 1204 Engineer Fire Fighting Platoon, stationed in Italy, where he continued his service until the end of the war.

After his military service, Jim found his third passion—his wife, Nan Carolyn Hamlett. They married in July 1948 and spent their early years together at Lassen National Park. Jim then began his long career with the California Department of Beaches and Parks in 1953, eventually being assigned to State Parks, with SP Taylor State Park being one of his most cherished locations. Throughout his career, Jim worked in many parks, but Basin State Park was where he felt most at home and happiest, having learned his trade there.

Jim loved his family, square dancing, research, and writing. After retiring, he began extensive research into his family lineage and became a respected fire history expert. He wrote books, traveled to Europe to dedicate fire trucks, and shared his knowledge with the military and other organizations.

Jim is survived by his sister, Annette; daughter, Penny; son, Paul; granddaughter, Melissa; great-granddaughter, Allison; great

grandson, Tyler; Paul’s spouse, Tom; and niece, Terry.

ROBERT T. CAMPBELL — Castilians S’50, passed away August 2, 2024, at his home in Calabasas, CA. Robert was born October 23, 1931. He graduated from Hamilton in 1950, after which he joined the Marine Corp. While on leave for his brother’s wedding, he met the love of his life — Rosemary Zurlo. They were married for 61 years before her passing in 2015. Robert entered the commercial air filtration industry and eventually became the owner of his own distribution company in Huntington Beach, before retiring in 1989. Bob and Rosemary moved to WA and became quite involved in their community.

They moved back to Southern California before Rosemary’s passing. Bob could be seen every morning walking the neighborhood in his Marine Corp jacket, introducing neighbors to each other and, of course, he always asked — “where did you go to high school?” You can’t believe how many other Hami alums he met.

Bob is survived by his children John and wife Melinda; Barbara and husband Dave, granddaughter Samantha and many many nephews and nieces.

When asked what was the secret of his long life, he would say, “Read the Optimist Creed!”

Submitted by Barbara Campbell Yobs

BERNIE SCHWARTZ — Tahitians W’52, passed away on September 23, 2024. He resided in Thailand for ten years. A significant portion of his career was spent in the movie business. For the last three years of his life, he lived in San Diego with his wife, Mun, whom he married twenty years ago. He was the father of three

children from previous marriages. During his time at Hamilton High School, he was a member of the Knights, a popular club, and played football. He was a three-year letterman. He was a close friend of Skippy Nevell and Marvin Sugarman. He was my brother, and two years my senior. Bernie was uncle to Jon Adler '75 and Adam Adler '81; and father of Billy Schwartz '82. Submitted by Elaine Schwartz Adler '75 and Adam Adler '81. Father of Billy Schwartz '82.

Submitted by Elaine Schwartz Adler (Class of '54).

RONALD CHANDLER — Olympians S'52, passed away on December 31, 2024.

Following his graduation from Hamilton in 1952, Ron attended Santa Monica City College for a year where he was the leading low hurdler on the track team and ran a leg of the four-man mile relay, along with Ralph Anderson, another Summer 1952 graduate of Hamilton. After a year at SMCC, he transferred to USC, where he graduated in 1957 with a degree in engineering and an intense interest in the new field of semiconductors. After graduation he immediately joined the Hughes Aircraft Company in the Semiconductor Division, working in both manufacturing and later marketing. From 1959 through 1962, he managed the Hughes District Office in Minneapolis, MN. Returning to California in 1962 he continued in the Hughes Newport Beach Microelectronics Division until 1970 when he transferred to the Electro-Optics Division in Culver City. In the Electro-Optics division, he worked in program management and ultimately became the program manager on two large space based infrared systems. He retired from Hughes in 1989.

While in college, Ron developed a great love of skiing, and joined the National Ski Patrol. He was an active ski patroller for over 35 years, serving in numerous official positions from patrol director to member of the national Board of Directors. For his outstanding contributions to skiing, he was awarded the Minnie Dole Award in 1990 named for the founder of the Ski Patrol. At the time of the award, it was only the 14th such award presented in the 52-year history of the organization. Ron lived in Rolling Hills Estates since 1972 and is survived by his long-time companion, Maureen Bell, his daughter, Robyn Chandler Champlain (Jay), and grandson Chandler Champlain.

ALBERT BOYAJIAN — Tritons W'53, passed away October 2022. Albert was married to Judy Westengard Boyajian — Kanoans '55 who passed away in March 2015. Judy and Albert first met at the Culver City Plunge and soon became high school sweethearts. They were married in May of 1957.

After high school, Albert attended Santa Monica City College and then started working as a draftsman from 1957 until he retired from TRW Systems Group (Redondo Beach, CA) when he was about 41 years old.

Judy worked for a short time at McDonnell Douglas as a secretary, but once their first child was born, she became a full-time mom, giving much love and affection to their two children. In 1985, Albert and Judy moved from West Los Angeles to Washington state, buying a house in the town of Centralia, where they lived for the rest of their lives. Albert and Judy enjoyed traveling in their later years, visiting Italy, China, Denmark, and other countries. They leave behind

their two children Kathy Boyajian and Raymond Boyajian and four grandchildren. They are greatly missed and will forever remain in our hearts.

Thank you,

Kathy Boyajian '75 and Raymond Boyajian '78

PATRICIA LYNN WILLIAMS — Tritons W'53 of Riverside, California

passed away in Riverside, CA. Born in Los Angeles, Patricia Olive Lynn graduated from Hamilton High and then UCLA with a BA and a teaching credential. In 1958 she married Richard Williams of Riverside, a fellow United Methodist, a singer and a UCLA graduate.

After the wedding at her home church, Robertson Community Methodist Church, they immediately set off for Germany where they lived for five years as Richard studied opera and taught in the Army schools.

When they returned to Southern California they had two daughters and a third was born in Riverside. Pat and Dick both taught school at Gage Middle School and attended Wesley United Methodist and First United Methodist, both in Riverside. They held musical evenings in their home and supported the arts in Riverside, including Riverside Opera, the Community Players and the Riverside Opera Guild. One little known fact: Pat played the accordion and gave lessons in Los Angeles. She was an excellent and caring school teacher and spoke warmly of the Catholic nuns who trusted her and inspired her during her elementary school years at Beverly Hills Catholic School.

Pat was active in the church choir and many social service groups,

including United Women in Faith and Meals on Wheels.

She was a skilled gardener and seamstress and a devoted daughter, sister, mother, aunt and grandmother who made sure all her family members felt loved and welcome.

She was a lifelong fan of the UCLA Bruins, telling stories about her college days rooting for her team as part of organized card stunts in the stands. She kept in touch with her friends from across her life, always sending a Christmas card and letter, including even this past December.

She loved opera, astronomy, history and mathematics and heroic figures from history including Albert Schweitzer and George Washington.

She is survived by two of her daughters, Kris Lovekin (Steve) and Valerie Othon (Mike) of Riverside. Her husband Richard died in 1997, and her eldest daughter Laurie died in December 2017. She leaves four grandchildren, Nick Lovekin (Mary Katona) of Fitchburg, MA; India Lovekin of Los Angeles; Kate Lovekin of Riverside and Alex Othon (Jessica Ng) of San Francisco; as well as many nieces and nephews (and their children.) Her parents Helen and Marvin Lynn and her older brother Robert Lynn died before her, but she saw them in her dreams at the end of her life.

ROBERT SCOTT SCHURMER — Parisians W’55, passed away at home on October 18, 2024 in Camarillo, CA and he is now with Jesus. Scott is survived by his devoted wife, Katie, with whom he shared 10 cherished years. He was previously married to Barbara, the mother of his four children: Earl, Emily, Kristin, and Jennifer. He is also survived by his 10 beloved grandchildren and his younger brother Bill.

Scott, as he was known, was born in Los Angeles on January 15, 1937, and grew up in a loving home with his father Robert Wagner Schurmer, his mother Emily and his younger brother Bill.

He had an active and adventurous youth. He loved the outdoors and spent countless hours hiking, camping and fishing. Later, he became one of the early pioneers of the surfing culture even temporarily moving to Oahu to work in the Dole Pineapple factory just so he could surf the north shore.

Scott attended Hamilton High School in Los Angeles and went on to pursue higher education at the University of Southern California, where he earned his undergraduate degree. He continued his studies at the USC Gould School of Law, graduating with his law degree.

He immediately began to practice law in Los Angeles and rapidly became one of the preeminent trial lawyers in the field. He soon founded his own law practice that specialized in all types of personal injury, wrongful death and medical malpractice cases.

Scott moved his family to Santa Barbara in 1982 and began to serve clients across numerous counties from Ventura to San Luis Obispo. His son Earl joined the practice, and they practiced side by side for over 25 years until his retirement in 2011. His influence helped to lead his granddaughter Samantha to follow in his footsteps and she now practices law in the firm Scott founded.

Despite owning a busy law firm, Scott remained devoted to his family and never missed an important event or milestone. He always made time to discuss even seemingly unimportant issues. Family vacations were a source of endless entertainment and provided cherished memories.

Scott was known for his love of the Lord, his fun, adventurous and mischievous personality and unwavering devotion to those whom he loved. He will be deeply missed.

MYRNA GAIL LEE — Mandarins S’56, passed away May 25, 2024. She was married to Donald Lee W’55 for 67 years. She is survived by her husband Don, Daughter Debi, son Jeff, grand daughters Rebecca and Melissa, grandson Steven, and great-granddaughter Amelia.

Myrna was a remarkable woman. She was a highly successful real estate broker and twice president of Culver City Realty Board. She managed real estate offices for Tim Corliss and Fred Sands Realty Co. She won top sales awards, and was a highly respected manager.

She was a member of the Laurels at Hami.

She was a good friend and solid pillar of support to many people. A fighter and winner and clever problem solver to end, even though she used to say she couldn’t even pass “dumbell English” at Hami. She always knew the best things to watch on Netflix and could always recommend a good book to read. And there was nothing like watching her and Don Jitterbug on the dance floor in the old days!

She will be dearly missed and remembered forever.

Submitted by Don Lee W’55

MICHAEL EARLE (MIKE) NOYES — Elysians S’57, passed away on October 1, 2024, at Rockwood at Whitworth Retirement Community in Spokane. He was born

Continues on page 29...

CAROLANNE GAMMETER — ELYSIANS S'57, passed on February 10, 2025. Born on October 26, 1939, in Los Angeles, Carol grew up with her father Roy, and her mother, Maudie, whom she adored. Carol was a strong student and voracious learner at Overland Avenue Elementary School and Alexander Hamilton High School, where she was active in choir and made many life-long friends.

SHE ATTENDED STANFORD University, where she earned a BA degree in English with a minor in History, and stayed a fifth year for an MA in education. After completing her graduate degree, she returned home to Arcadia, Ca. where she taught elementary school. One summer evening, she met a handsome young naval officer named Warren Gammeter, known to his friends as Skip. For the couple's first date, they went to see Ella Fitzgerald and found the music and the company so delightful they stayed for both shows. Their romance grew through the summer. When Skip's Navy ship sailed for Japan that fall, they continued their courtship through letters. By the time he returned nine months later, they knew they were meant to be together and were soon engaged.

The couple married on August 1, 1964. Skip was able to complete his Naval service at Schools Command Treasure Island, and the newlyweds moved to San Mateo, California, which would remain their home for the next 60 years. They soon bought a small house on Monterey Street, which they painted and lovingly repaired themselves. 1967 brought

big changes, as their first daughter, Laura Kathleen, arrived in December. They also got an adorable, if perhaps slightly mischievous, beagle puppy they named Augustus Gammeter, known to all as Gus. The family grew once more in 1970, with the addition of their second daughter, Christina Linnell. After looking for years for a bigger house with a view, they moved a few blocks up the hill to Verdun Avenue, where they still reside.

While Carol was no longer teaching in the classroom, her passion for education was by no means idle. She was very active in the girls' school communities, serving as PTA president at both Meadow Heights Elementary and later, at Hillsdale High School. Carol spent countless hours volunteering and made many wonderful and lifelong friends during these years. She served as the leader for each of the girls' Camp Fire troops and created a

beautiful home where she hosted many happy holidays and memorable special events. This chapter also included vacations to Stanford Sierra Camp, which Carol spent painting, hiking, sailing, playing tennis and enjoying new and enduring friendships. It was during this time

that Carol joined an aerobic dance exercise class that she was devoted to well into her seventies!

Her daughters grew up and both attended Santa Clara University, eventually getting married and starting families of their own. Carol adored each of her four grandchildren – Matthew, William, Megan and Emily. She was extremely proud of each of them and their accomplishments in school, sports, music and engineering, and her role as a grandma brought her immeasurable joy. Carol and Skip enjoyed a retirement full of travel and adventures, seeing much of the world through trips to Europe and cruises to countless foreign destinations, and sharing special visits with friends from Skip's Navy reunion. Time spent in London was always a favorite.

Carol lived a full and wonderful life, and she will be greatly missed by her family and many friends. She is survived by her loving husband of 60 years, Warren, her daughters, Laura

Duncan and Christina Gattey, son-in-law Darin Duncan, and four grandchildren, Matthew,

William, Megan and Emily.

...Continued from page 27

on April 30, 1939 in Santa Monica, California to Harold Noyes and Mary Beth Noyes. Mike was a 51-year resident of Spokane, a generous and caring contributor to the community, and sincerely devoted to his family.

Mike grew up in Los Angeles, was a proud graduate of Alexander Hamilton High School and majored in Business Administration at California State College in Los Angeles. After completing a tour of duty in the US Navy, he accepted a management position in L.A. with a large business and financial firm and was transferred to Spokane in 1973. He completed his Bachelor's degree at Eastern Washington University.

Mike and his beloved wife Cindy married in 1963 and spent 55 fulfilling years together raising their two children, daughter Brenda and son Steven, and engaging in many joint efforts to serve the community, friends and family. Both Mike and Cindy were active members of the Spokane Lilac Festival, including years of weekend travel with the float to participate in summer parades throughout the state, and serving as President and First Lady in 2003. Mike's participation extended to 2024 when he rode on the past presidents' float. He was also a member of the Navy League of the US, the American Legion and Spokane's Koi Club.

As a family man, Mike cherished camping trips, canoeing, boating, cub scout projects, serving as a den master and being the girl scout cookie "guy", soccer games, and birthday parties. Together Mike and Cindy were a talented home improvement team with many ongoing projects. Also skilled gardeners, the family backyard was a summer wonder of vegetables, flowers, koi pond, patio areas and

fountains. Their home was the site of many memorable dinners for family, individual groups, and a variety of special celebrations.

When people knew Mike well, they discovered he grew prize-winning begonias, he loved cats, was a dedicated sports fan of the WSU Cougars and Seattle Seahawks, could usually be seen wearing a shirt from his extensive selection of Pendletons, loved music as a constant soundtrack could be heard throughout home, and his perfect evening was to indulge in fine dining followed by a live theatre performance.

He will be missed by his family and many friends whose life he touched.

Thanks to Elaine Garcia, a dear and faithful family friend of the past 50 years, who accompanied Mike on many performance evenings and her thoughtful attention during recent months.

Mike was preceded in death by his parents and his wife. He is survived by his daughter Brenda, Bay Area, California; son Steve (Terry) and grandson Luke, Spokane; sister Lynne, Los Angeles, CA Nephews Roger (Jayne), Bob, Mel.

IRIS ANN MARKMAN HELMAN GLICKMAN '59, passed away

September 5, 2024 in Palm Springs. Iris was born on July 5, 1941, in Los Angeles. Iris was a 1959 graduate of Hamilton High School, as well as a longtime and active resident of Sun City Palm Desert. Iris is preceded in death by her parents, two sisters, a brother, and her husband, Alden Glickman. She is survived by the four wonderful children she shares

with Barry Helman: Andrew (Lorie), Stacy (Patrick), Brad (Janine), and Marc (Su Kyung); twelve beautiful grandchildren: Shai (Patrick), Hunter, Tess (Patrick), Gunnar, Max, Ivy, Noah, Izzy, J., Wyatt, Ryder, and Liam, two precious great-grandsons: Beck and Beau, cherished family: Vicki (Barry), Jordan (Jana), and Jilly (Kristin), and her beloved felines: Bella and Boots.

BARRY SQUIRE — Kaheelawanie '72 passed away December 2nd 2024. Barry is a legend in the music business spanning over 4 decades.

Working with the likes of Bruno Mars, Green Day, Nine Inch Nails, Miley Cyrus, Wolfmother,

Jane's Addiction, Red Hot Chili Peppers, Foo Fighters, Stone Temple Pilots, Frank Ocean, Neil Diamond, Andra Day, and Justin Bieber (just to name a few!). Barry was known as the go-to person in the music industry when you needed to find talented musicians, and assemble the hottest bands that toured the world.

During his career, Barry had worked as A&R at Warner Brothers Records, Geffen Records and Columbia Records. In addition to his role as an A&R representative and scout for various record labels, he was also the guy who referred musicians to bands and vice versa. He gave young aspiring musicians in LA the opportunities to live our dreams, performing with world class artists. He gave a lot of your favorite musicians their start, which changed the trajectory of their entire lives.

MELANIE AMINOFF CLAMPITT — Caprisians S'58, passed away march 29 2020. A Tribute to My Mom, the Ultimate Supporter, I want to recognize my mom who passed away last February, just a month shy of her 80th birthday.

THIS TRIBUTE IS TO SHOW what support from a parent looks like and how it influenced me to become the person I am today. And it explains why supporting people to achieve their dreams in STEM, especially women, is such an important cause to me now.

This is the best of my mom, Melanie Clampitt:

My mom grew up in Beverly Hills surrounded by Hollywood stars but never sought fame. My mom came from wealth, but never felt entitled. My mom was smart about her investments, but would never admit it was a talent. My mom was independent most of her life, but she truly enjoyed being around the company of others. My mom has left a positive impression on so many people without even trying...this was who she was.

My mom loved growing up in Beverly Hills and attending Beverly Hills High. She was always a fan of Hollywood (and its gossip) and loved how accessible the movie stars were in the 60's. Her father worked as a shirt maker and was known for the Hopalong Cassidy shirt from the old western. She loved recounting her happy memories from that day and Facebook opened up a new world for her in connecting with her high school. She had numerous friends whom we would visit on our many trips to LA.

My mom had a limited career as a secretary and last worked at MD Anderson Hospital when she moved to Houston in her late twenties. She quit

that job when she gave birth to me and became a homemaker. After getting divorced from my Dad when I was 12 and as a result of becoming financially independent from her family's inheritance, she found her true calling when it came to investments. She invested in local real estate, but she was more than a property owner; she enjoyed renovating the homes she bought and being a great landlord to her tenants. She bought three houses on our block (each from friends) and another one three blocks away. After many years of being a landlord, and having several long-term tenants, she eventually sold each of the houses.

My mom was extremely generous. She gave me everything I needed and more...always putting me first above all. She treated her friends to dinner and paid for them in other ways when they couldn't. And she sent unexpected gifts to me, my husband, my in-laws, and other friends to let us know she was thinking of us.

My mom also loved to travel and we took many trips together. I went on every school trip offered including a trip to Quebec where she chaperoned. During high school, there was a great opportunity for her to go to Italy with her women's group and I loved hearing about her stories when she returned. When I heard about a trip to Russia, she encouraged me to go which motivated me to study Russian in college. She later signed me up for a group trip in 1989 so I could visit where her Dad grew up in Uzbekistan.

Looking back, what stands out to me were some specific actions resulting from her belief in me that I could be anything I wanted to be. This had a huge impact in shaping who I am today. When I heard about a classmate who was going to Space Camp, she didn't hesitate to sign me up to give me that opportunity even though it meant sending me out of state for a week-long camp in the summer. And she continued to send me back there two more times in high school. When she saw that they were bringing the Challenger Center (a mini-Space Camp) to our Houston Museum of Natural Science, she quickly told me about it and encouraged me to call them and volunteer (which I did and eventually got a paid job there).

My mom supported my academic studies and paid my way through college leaving me debt-free. She took me on a trip to the East coast to visit colleges when I was in 11th grade. While visiting the 5 colleges in Western Mass., I fell in love with Smith College and applied early decision. She became a big supporter of the school and would read everything about it to share with me even after I graduated.

My mom has always been there for me for all my life changes and moves. She helped get me set up at Smith College, find an apartment in Los Angeles, Phoenix, and Sunnyvale. In fact through her process of helping me find a place in Sunnyvale, she helped me make new friends through her consult with a local realtor and also connected me with a cousin who lived there (that I had never met before) since she had a close relationship with her mom. These relationships helped me gain my social footing as I was just starting out my technical career in a new city.

If it weren't for Hurricane Harvey, my mom would have still been living in the same home in Bellaire

that I grew up in. That house was home to many a high school gathering and she always made my friends feel welcome. That tragic event in 2017 featured my mom in a national news story about how her neighbors rescued her from the flood once it was apparent she couldn't stay in the home any longer. In the following months, she got taken in by a someone temporarily and then moved into a hotel until finding a new place to live all while dealing with the aftermath of her home of nearly 35 years. This was a time when my mom needed support from others the most.

In recent years, my mom's health has been failing due to her heart and later her kidneys. She was no stranger to the hospital yet she recovered every time and always remained independent. Last year she had about three stents put in her heart. Still making the most of what she could...she invited us to Vegas last September after recovering. When she went to the hospital in January it was due to her kidneys and by the end of the month, they put her on dialysis. This would be her new normal until the chest pains came back. She had one more stent put in just a week or so before having a heart attack. She was just admitted to a rehab after recovering and was in good spirits and talking just before the fatal heart attack.

I saw my mom one last time in January while staying at her independent living apartment and visiting her in the hospital. I was impressed to see her in so many photos from activities she participated in there and to hear from people she got to know while there for about 2 years. Despite her health issues, whenever she felt well, she enjoyed being around the company of others feeling supported and being a supporter.

My mom will be missed by many and loved forever.

RICHARD (RICK) LAURENCE LEVINE — Mauna Loan, S'60 — Rick was quick to admit he wasn't a great student, yet he ended his long career as a community college administrator, serving as President of Rogue Community College in Southern Oregon.

HIS FIRST JOB after high school graduation was at Occidental Insurance, as an underwriter, and it was during that time he met his wife-to-be, **Ellen Davidson (Aurorian, S'61)** on a blind date. A year later they married, and not long afterwards they moved to Ashland, Oregon to take over operation of The Pillars Coffeehouse. It was fun, for awhile, but once the Shakespeare Theatre shut down in September, they had to depend upon odd jobs for income, especially since their family now included a son, Joshua, who was born in November, 1971.

A year later, they moved to the beautiful Applegate Valley, where they quickly adapted to full-time country life, raising chickens, goats, a cow and all the vegetables they loved to eat — quite a learning curve for two people who were born in New York City and spent their teenage years in Los Angeles. Rick, always enterprising, made a

living selling imprinted tee-shirts during weekend MotoCross races at Southern Oregon racetracks, and Ellen found a job as an English instructor at the newly opened Rogue Community College in Grants Pass. It wasn't long before Rick interviewed and was hired for a job opening in the Business Office at the community college. Several years later, when the Business Manager retired, Rick was offered the job and happily accepted.

The idyllic country life ended when Josh went off to college in Eugene and Rick was invited to apply for a job with the Office of Community Colleges at the State Department of Education in Salem, Oregon's capitol. The long commute each weekend — from Salem to the Applegate Valley on Friday afternoon, and then from Applegate back to Salem on Sunday — helped Rick convince Ellen to make a "temporary" move north. By this time, Rick had impressed many of the Oregon Community College

Presidents and administrators. He was offered a position in administration at Chemeketa Community College in Salem, sealing the deal on a move north. The Applegate house and acreage became a rental. Ellen also landed a job at Chemeketa, and for the next decade, they enjoyed city life and luckily, a house with a backyard big enough for a vegetable garden. After a few years, Rick was promoted to Vice-President at Chemeketa, a job he enjoyed going to everyday.

The return to Southern Oregon took almost another decade, but once again, the positive impression Rick made on the college administrators, faculty and especially Board members at Rogue was not forgotten, and when the President of the college decided to retire, Rick was invited to submit an application and his resume. After he interviewed for the job, it wasn't surprising when he got the phone call that he'd been selected as the top applicant for the job. During the time he

served as President, from 1999 – 2004, he guided the college in its growth and increased respect from the communities in Josephine and Jackson Counties.

After retirement, Rick fulfilled another ambitious dream by planting five acres of syrah grapes (with plenty of help from neighbors, friends and Ellen) and faithfully tended them until, five years later, the grape crop was mature and tasty enough for harvesting and turning into wine. Sadly, it was the same summer Rick was diagnosed with multiple myeloma, a blood cancer. Eventually, the cancer spread throughout his body and he needed medical support that was not available in the more rural communities of Southern Oregon. Rick and Ellen decided to put their beloved 25 acre property and home on the market and eventually found the perfect young couple to buy it (they were the only ones who talked about walking in the woods instead of wondering how much the trees would be worth if they were cut down and turned into lumber!).

In Autumn of 2015, the move north — with furniture and many boxes full of treasured souvenirs — brought them to the small one-bedroom unit

in Southwest Portland's Goose Hollow neighborhood they'd used for weekends in Portland and visits with their son Josh, daughter-in-law Kelly, and their two beloved grandsons, Jai and Kaden. Most of the boxes of books and clothes along with

COUNTIES.

the furniture and 85 boxes of Levineyard Syrah, was stuffed into a storage unit on the other side of the Willamette River. But it wasn't long until they spotted a "For Sale" sign in front of a new Condo building just a few blocks from their apartment and only half-a-block from their favorite Thai restaurant.

Soon enough, they'd moved their belongings into the new condo and also settled into the weekly routine of doctor visits and chemotherapy treatments, over and over again, until the winter day in 2022 when Rick's Oncologist took a deep breath and said — with tears in his eyes — there wasn't anything more that could be done to treat the cancer. "You've lasted longer than any of us thought you would," the doctor said. He pointed at the thin gold band on Rick's left wrist, engraved with the slogan "NEVER GIVE UP" that had guided so much of Rick's life, as well as his battle against the myeloma. "You're one stubborn guy."

Rick refused to give up until he was too weak to battle the disease and the pain that it caused. It was mid-February, when he agreed it was time to request Hospice care at home and still, he held on until 11:45 p.m. April 24, 2023 when Rick drew his last breath. He is missed by many: friends, neighbors, those who knew him as their boss, their co-worker, their patient, and most especially by his siblings, his son and daughter-in-law, his grandsons, and of course, Rick's wife, Ellen. May he rest in peace!

ELLEN JOAN FENTEN —

Kahelawanie '72, passed away

October 7, 2024. She was raised in the Beverly-wood Area and was born June 2, 1954. Ellen attended, Castle Heights

Elementary, Palms Jr. High, and Hamilton High School. Then in 1972 she completed

her senior year at University High School in the Class of Pamoja. Ellen was a dear friend to many and a mother of a beautiful girl, who just recently graduated college four months before her brilliant Mom passed away from cancer. Ellen was an educated and charismatic woman who stayed true to her beliefs and decisions. A woman who always believed in good health, she took excellent care of her body and mind.

She loved photography, being a ceramicist, and traveling the world. She was great at everything she did. Throughout her life she proved to everyone that she could do anything on her own. Her strength was amazing. She did very well for herself by becoming a stock broker and went through life raising a daughter on her own. Ellen always kept herself very busy, either at work, or her investment club, cooking, gardening, tending to her koi pond, her beloved dogs & cats as well as playing Maj Jongg. But most importantly, raising her daughter. Her life was cut short, which isn't fair, but the life she lived was rich, with experiences and memories that not many get to have. She left behind her sister and brother, as well

as being an aunt and a part in all her families' lives, sharing the joys and experiences that they had. She was always there for everyone else. She did have a remarkable life because she was a remarkable woman, who will be missed by so many.

Truly my longest best friend ever.

By Sheree Shafer aka Pector.

OREN CONNOR MCLURKIN —

Genesis '79, passed away January 17, 2025. Oren grew up in Los Angeles and attended Crescent Heights elementary school, Louis Pasteur Jr. High school (now L.A.C.E.S.), and graduated from Hamilton High school in 1979. Oren was a beloved educator and family man who dedicated his life to public service and nurturing relationships. His legacy continues through his family and the countless lives he touched.

Career in Education: Oren began his career in public service with the Los Angeles County Probation Department, later transitioning to education where he implemented programs for at-risk youth and received multiple awards for his contributions as a teacher, Vice Principal and Principal.

Family Life: Oren married Jane Giselle "Gigi" Miller in 1990, and together, they raised two daughters. Oren cherished every moment of fatherhood, actively participating in their activities and celebrating their achievements.

Passion for Sports: A die-hard fan of various sports teams, Oren was known

for his enthusiastic support at games. His vibrant personality and generosity left a lasting impression on everyone he met. He will be deeply missed.

PAUL ALLEN KATZ — lived a life filled with love, laughter, and a

passion for food. He is survived by his beloved wife, Denise, and their three children, David, Leila (current Hami teacher),

and Jessica. As well as his grandchildren, Joaquin and Leo.

Paul was known for his culinary skills, often found cooking in the kitchen and delighting in the company of family and friends. His boisterous spirit and ability to "boss people around" while preparing meals made every gathering... memorable, and gently infuriating.

Paul's legacy lives on in the memories he created and the lessons he shared. He believed in living life to the fullest. He will be deeply missed by all who knew him.

HAA 2024 IN REVIEW

HAA FOUNDED 1993

Bob Raskin, HAA Treasurer S'58

In October 2024, HAA's financial stability was significantly bolstered when it was named a Barbara Fay Pine's Living Trust beneficiary.

HAA awarded Scholarships to thirty-three deserving Hamilton seniors for \$94,650, of which \$77,650 is payable in 2024, \$9,000 in 2025, and \$4,000 in 2026 and 2027, respectively. (From 1993 to 2024, \$939,118 in scholarships have been awarded.) Below is a chart showing the dollar amount of scholarships awarded by year.

In 2024, HAA published two Bugle Magazines. Since 2013, the Bugles have generated an average **Return on Investment of 122%**, a measure of their cost-effectiveness.

In the financial world, an ROI of 7% or greater is considered a "good investment."

How does HAA allocate its revenue? Below is a breakdown showing "Source and Application of Funds"

Source of Funds

	Amount
Investment Income (realized and unrealized)	\$92,083
Regular Membership Dues*	\$114,220
Total Program Income	\$206,303

* Does not include the Pine donation

Application of Funds

	Amount	% of Expenses
Scholarships and other Cash Awards	\$118,200	66.67%
Professional Services	\$13,336	7.52%
Credit Card & Other Fees	\$995	0.56%
Portfolio Management Fees	\$8,700	4.91%
Miscellaneous Operational Expenses	\$36,061	20.34%
Bugle Publication	\$39,730	22.41%
Total Expenses	\$177,291	100.00%

HAA has an active membership roster of 2,099 members, including Life Members. (The HAA Board voted to remove members who had not donated since 2017, which removed 1,476 or 42% of HAA membership.

When factoring in the increase in membership dues, the Dues/Contributions received in 2024 were about the same as in 2023.

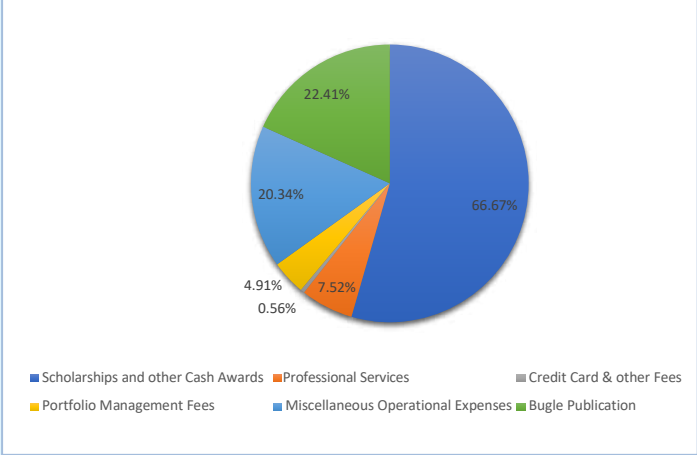

In 2024, 31% of the current membership donated, compared to 37% in 2023.

A significant indicator of a nonprofit's viability is the Retention Rate, which measures how many of our donors contributed in both 2023 and 2024. This number is 42% for HAA, compared to an average of 40% and 50% for nonprofits.

The average donation per member increased by 30% from \$138 to \$178.

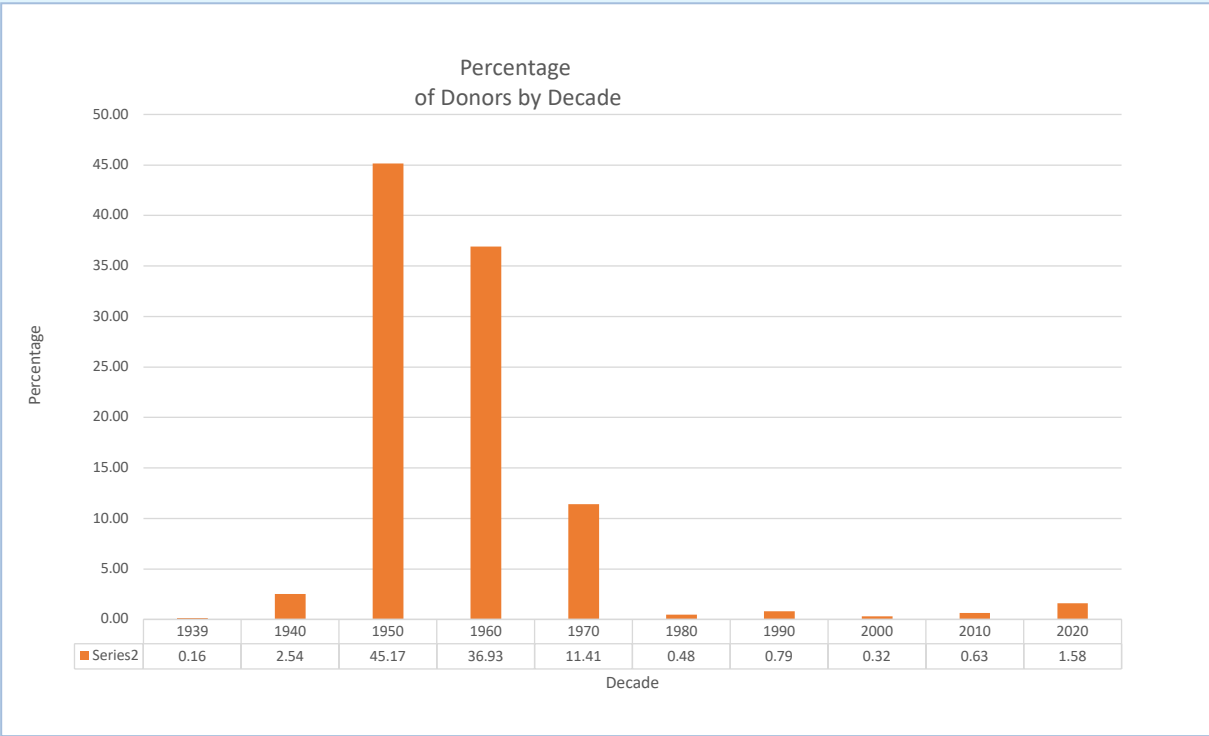

For 2024, HAA's Program Efficiency, which measures what part of every dollar goes toward its mission, stood at an impressive 89%, demonstrating the organization's effective use of donations.

Percentage Application of Funds

Ninety-four percent of HAA's members are from the classes of 1940 – 1970, with the most significant percentage from the 1950s followed by the 1960s.

Below is a chart showing the percentage of donors broken out by their respective decade of graduation:
