FUNNY? INSPIRING? KIND?

JOIN THE CONVERSATION. Please share your favorite story about a Hami teacher.

As we reflect on our time at Hamilton, many of us can point to that one unforgettable teacher – the person who sparked our curiosity, believed in our potential, or inspired us in ways that still matter today. In this issue, you will find several stories about exceptional educators.

For our Fall 2026 Bugle, we'd love to hear your story.

- Which teacher stands out most in your memory?
- What subject did he or she teach, and what class were you in?
- How did he or she influence your learning or your path forward?
- Why did she or he leave such a lasting impression?
- Was it their passion for teaching? Their kindness or encouragement? Their high expectations? Or simply the way they made you feel seen, capable, and valued?

Your memories help us honor the educators who shaped generations of Hami students – and they also inspire today's community.

Please send your story to Doritt Diamond at info@hamihighalumni.org.

THE GOALS OF THE HAMILTON HIGH ALUMNI ASSOCIATION

are to fund scholarship support for Hamilton graduates seeking higher education, to fund enhanced educational and community opportunities for current Hamilton students, and to reconnect our Hamilton alumni.

President's Message

As you read through this current issue of the Yankee Bugle, I truly hope that you enjoy the thoughts and memories of past years and the Hamilton Alumni Association's goals for the future. I am consistently inspired by the generosity of our dedicated alumni, who make membership donations and other contributions to our College Scholarship Awards for the graduating Senior Class.

Scholarships are based upon academic merit, achievement, financial need, and participation in sports, music, and drama. One of our recent significant donations came from an alumna of the Class of S'50, who fondly remembers her photography teacher and how the encouragement and experience led to a successful career as a commercial photographer.

During the past Fall Football season, I hope you took the opportunity to attend one of the Home Night Football Games under the lights on campus or to view one of the "Live Stream" games. The 2025 Fall Football Season was the first ever to be played at night within the new lighted stadium.

The second phase of the Hamilton High Modernization Project has now begun with the demolition of the shops building and the reconfiguration of the campus quad area, which will open up to a beautiful new vista. All of the modernization phases will conclude in time for the centennial 100th year celebration of Hamilton High's opening in 2031. Hope to See You There!!!

Respectfully,

Tom

Thomas C. McLurkin Jr. '72,

NANCY LAWLER VOYER

HAMILTON GRADUATES RECEIVE A GIFT TO EMPOWER THEIR FUTURE

WE EXTEND OUR DEEPEST APPRECIATION TO NANCY LAWLER VOYER FOR HER GENEROUS SCHOLARSHIP GIFT, DONATED IN HONOR OF LOIS VINETTE, HAMILTON PHOTOGRAPHY TEACHER, WHOM SHE REGARDED AS THE FINEST PHOTOGRAPHY INSTRUCTOR IN THE NATION.

We asked Nancy to share a few memories about her favorite teacher...

"After I graduated in 1950, my sister and I were treated to a trip to New York City. While there, we came upon the National Scholastic Photo Display. More than half of the winning photographs came from a single school – Hamilton High School!

Although my own photographs were not selected by the judges, one of whom was once Norman Rockwell, Mrs. Vinette saw something in my work. She chose several of my photographs for the

school's Photo Salon and, more importantly, encouraged me to continue pursuing photography as an art and a profession.

Because of her belief in me, I went on to photograph weddings (at least 700) and babies before owning my own studio in Westchester. Over the years, I had a successful career, including photographing numerous classes of incoming flight attendants for Continental and Western airlines.

I am deeply grateful to the teacher who recognized my potential and helped shape my life."

PLANNED GIVING

BENEFITS THE HAMILTON HIGH SCHOOL ALUMNI ASSOCIATION

**PLANNED GIVING OFFERS A POWERFUL WAY TO LEAVE
A LASTING LEGACY.**

By including the Hamilton Alumni Association (HAA) in your financial or estate plans, you create a gift for the future—one that will support graduating seniors and help them pursue their dreams for generations to come.

WHY PLANNED GIVING MATTERS

Planned Giving is more than just a financial commitment—it's a way to share your values, your story, and your belief in the power of education. Your legacy ensures that Hamilton students will continue to grow, achieve, and thrive for generations to come.

WAYS TO GIVE

BEQUESTS

A bequest is one of the simplest ways to support HAA. You can name HAA in your will to receive a specific asset, a set amount, or a percentage of your estate. Since the gift takes effect after your lifetime, you can adjust your plans at any time. Bequests also qualify for an estate tax charitable deduction.

BENEFICIARY DESIGNATIONS

By naming HAA as the beneficiary of your retirement accounts, life insurance, or annuities, you can make a significant gift while often providing tax advantages for your heirs. Life insurance, in particular, can be a low-cost way to create a large impact.

ENDOWED GIFTS

Endowments create a permanent source of funding for HAA scholarships. The principal is invested, and the returns support students year after year. You can establish an endowment using cash, securities, or other assets—ensuring your generosity lasts for lifetimes.

REAL ESTATE

A gift of property can be an extraordinary way to contribute. Through a retained life estate, you can continue living in your home for the rest of your life while knowing its value will one day help Hamilton students succeed.

YOUR GIFT. YOUR LEGACY. PLEASE THINK ABOUT IT TODAY.

On behalf of our students—thank you for shaping the future!

For more information on making a planned gift, please contact

Bob Raskin at kab6plus9@gmail.com.

OUR STUDENTS THANK YOU FOR YOUR SUPPORT!

THE HAMILTON ALUMNI ASSOCIATION MENTORSHIP PROGRAM

By Robert Goldstein, Program Director

THE HAMILTON ALUMNI ASSOCIATION (HAA) MENTORSHIP PROGRAM IS DESIGNED TO SUPPORT INCOMING FRESHMEN BY CONNECTING THEM WITH MENTORS WHO CAN HELP EASE THE TRANSITION FROM HIGH SCHOOL TO COLLEGE.

*Left to right: Luis Soto, Mentee 2025, Anahi Sanchez, Mentor 2022, Gemma Alfaro, Mentee, 2025
(FYI, the students' hand gestures represent the UC Santa Cruz "mascot," the banana slug!)*

As the HAA Mentorship Program enters its second year, I am enthusiastic about expanding participation among both Hamilton graduates and Hamilton alumni who wish to mentor incoming freshmen at colleges and universities. Mentors provide a wide range of support, including guidance on academics, health and wellness, campus resources, and student life. They also help

students learn how to balance academic responsibilities with social engagement — an essential factor in first-year college success.

This year, I have been working closely with key members of the Hamilton High School community, including Almasol Herrera, assistant principal of Secondary Counseling Services; Ana Delgado-Chavez, director of

the College and Career Center; and Jsane Tyler, community representative in the Parent Center. With their guidance and collaboration, I believe we can triple our involvement in the mentorship program.

Currently, the program includes 18 mentors, representing 16 universities nationwide. We hope this number continues to grow as the program expands its reach and impact. The HAA Mentorship Program's effect is already evident among participating students. Luis, Class of 2025, shared, "It's been so great having a mentor. She's like a big sister to me." Gemma, also from the Class of 2025, explained, "I wanted a mentor because I'm a first-gen, and this college stuff is not easy. My mentor, who graduated in the Class of 2023, has been a really big help."

On March 11, 2026, I will introduce the HAA Mentorship Program to parents through two presentations: an in-person meeting at the Parent Center at 9:00 a.m., followed by an evening Zoom session for those who were unable to attend in person. During these presentations, I will highlight research indicating that one in four students do not continue college after their first year, with first-generation college students facing even greater risks due to academic, financial, and emotional challenges.

Through continued collaboration and expanded outreach, the HAA Mentorship Program aims to strengthen student persistence, confidence, and long-term college achievement. 🏆

Hami's Hardwood Hero: A Lifelong Commitment to Coaching and Community

By Ben Alkaly '95

Across a 44-year basketball coaching odyssey that's taken him to six different states, one thing remains constant for Marvin Menzies '79. "I love L.A.," he proclaimed during a summer interview from his home in the Midwest, where he's preparing for a fourth season as head coach of the University of Missouri-Kansas City Roos. One corner of the City of Angels – along Robertson Blvd. — will always hold a special place in Menzies' heart. Hamilton High School is where he thrived in three sports (but not basketball!) and student government, where he began coaching while still a student at UCLA, and where he formed lasting bonds with classmates and mentors.

Bugle: You've coached nearly every level of the game, from Hami to Santa Monica College, to what's referred to as "mid-major" college basketball, to big-time programs like Louisville and UNLV. What's one constant you've observed as you've moved through the ranks, and what's one noticeable difference?

Marvin Menzies: The consistency is the relationship with the players. One of my motivations was giving back. After I graduated from Hamilton in '79, I was at UCLA and some former coaches asked me to help out with the "B" and "C" basketball teams. Coach Dave Uyeshima, I actually had him as my junior high school teacher; I took his drafting class at Pasteur [now LACES]!

That started the "pay it forward" mentality, and it's stayed with me through every level. I even considered coaching in the NBA, but it didn't align with why I started coaching in the first place, so I stayed at the college level.

Menzies has reached the peak of his profession, qualifying for the NCAA Tournament five times in six years at New Mexico State University; there, he coached future NBA All-Star Pascal Siakam. Before the luster of One Shining Moment in March Madness, Menzies spent a quarter-century grinding as an assistant coach. Knowing first-hand that nothing is handed to you is what keeps Menzies humble and grateful, as does the unwavering support of his family: wife Tammy, adult children Andreanna and Andre, and niece Aja Stankevich, whom he considers a second daughter.

Menzies' current position at UMKC is far from the limelight. The Roos play in a 1,300-seat gym that's about the same size (and age) as Hami's. But as he enters his 45th year as a hoops coach, Menzies is still doing what he loves: motivating young men and helping prepare them for life after basketball. As you'll read in this engaging interview, he plans to keep giving back to the sport for as long as it will have him.

As for what changed, it's less the level of play and more the relationship dynamic when moving over to the head coach's seat. As an assistant coach, you're like a big brother; players hang at your place, crash on your couch. As a head coach, the role shifts; you're more like a dad. It's still meaningful, but it's a different kind of relationship.

Bugle: You mentioned mentorship as a major motivator. How do you help student athletes navigate life off the court, with things such as academics, family, and future planning?

MM: A wise person learns from others' mistakes. I try to share real-life lessons: conflict resolution, how to handle interviews, how to carry yourself. One of my former players, Jamar Brown, is now at UCLA. He had one scholarship offer out of JC, played for me (for) two years at Kansas City, and now he's at my alma mater. We built a close relationship, and we're in touch quite often. Those kinds

of connections help players mature beyond internships or shadowing. It's about preparing them for things they don't learn in a classroom.

Bugle: And no hard feelings when a player like Jamar transfers "up" to a bigger program?

MM: Early on, a lot of coaches were upset about transfers. But part of leadership is adjusting to the landscape. I've embraced it and I don't take it personally. Some kids have families in financial hardship—who am I to say, 'don't take that payday to set your loved ones up for the future'? That would be selfish.

Bugle: Have you had former players come back to thank you for setting them on the right path?

MM: That's the best part. I've been coaching 44 years, so I've had a lot of those moments. The most rewarding are the guys who weren't stars but took the life lessons and used them in business or other careers. Some of the most successful people I coached

were walk-ons or scholarship guys in their last year. Helping them navigate life after eligibility—that’s what sticks.

Bugle: Now on a more personal note ... Coaching isn’t easy on families. You’ve moved 10 times across six states. How has your family adapted, and how do you repay them?

MM: It’s a really complex dynamic that you’ve got to stay on top of. I wasn’t going to get married unless the love of my life understood how much of my life basketball was. My wife and I dated for nine years, and at year nine, we were still hanging in there together and really close. I finally got a job that was paying enough, at San Diego State [in 1999], so we ended up getting married soon thereafter.

Moving around is tough for kids, and, as a coach, you miss some important events in their lives. But my wife is a rockstar in that regard: She would be at every game, supporting them, and told me the ones I needed to be at. When the kids got older, they really understood, because they were raised the right way. My son just graduated from UNLV, and we had the opportunity to send him to Europe this summer. I told him: “Take some time, travel before law school.”

Bugle: I know you took a step back from the game before being hired at Kansas City, which allowed you to spend time with your mom before she passed. What did that mean to you?

MM: She came out to stay with us in Phoenix during COVID. We cooked gourmet meals, danced, lounged by the pool. It was worth millions and

millions of dollars and I wouldn’t trade that time for the world. My wife and mom got even closer, which was beautiful. Today [day of the interview] is actually the anniversary of her passing. My brothers and I shared some memories earlier, giving thanks for having her as long as we did.

It also gave me time to start the nonprofit M² Squared Academy in Lagos, Nigeria. Some of those kids were homeless, and now they’re getting college scholarships. That wouldn’t have happened if I’d stayed coaching nonstop. Being let go [by UNLV] gave me that time. So, sometimes setbacks are setups for blessings.

Bugle: Tell us more about the M² Squared Academy.

MM: Originally, I wanted to build it under Grand Canyon [University’s] umbrella for younger kids, but it made more sense to do it independently. We started a nonprofit, got some friends to help with funding for

housing, meals, and scholarships. It became a really rewarding, philanthropic venture.

Now we run monthly coaching clinics on Zoom for West African grassroots coaches – in places like Senegal, Ghana, Lagos, Kinshasa. Right now, I can’t be as hands-on as I’d like with players, because of NCAA bylaws. When I step back from coaching full-time, I plan to be more involved. [Editor’s note: direct engagement with prospective college athletes is a potential rules violation].

Long term, I’d like it to be self-sustaining through endowments, alumni support, and small business strategies. The talent in that region of the world is incredible ... They just need the tools and guidance. I’d like to build a network of alumni who stay connected, give back, and help the next generation ... Like a fraternity of talent and leadership rooted in Africa.

Bugle: Let’s rewind to your days at Hamilton with a three-part

question. What do you remember most vividly as a student, athlete, and coach?

MM: As a student, we had real, authentic friendships. Hamilton was a melting pot; we had a great, integrated class in '79. Race didn't dominate our experience. I'm still close with people from those days. Some of my best friends live in New York now, so whenever I get back East we connect.

As an athlete, I played basketball, football, ran track and cross country. I was a jack of all trades and master of none, whereas my brothers were more talented in basketball. I remember returning a kickoff against Palisades – they had, like, five future NFL guys – and it might have been my first time ever as the kick returner. I remember being so proud that it took four guys to bring me down. What they didn't

realize is, I just kept running, because I was so scared!

As a coach, winning the City Championship in track in 1983 stands out. Then in basketball, helping kids get scholarships – watching guys like Marlon Garnett ['93] grow into their careers – that was meaningful.

Bugle: Was there a coach or teacher at Hamilton who inspired you?

MM: Several. There was Richard Haynes, who was the track coach, and he did football, as well. He had a long career at Hami and a lot of success. Dave Uyeshima; as I mentioned, he got me into coaching. And Don Threatt, the football coach, was a mentor. We stayed close even after graduation. He coached my brother and became part of our extended family. We'll still text back and forth with different observations he might

have, or words of encouragement.

Bugle: Final question: If you could talk to your younger self, what advice would you give?

MM: Honestly, there's not a lot I would change in terms of the way my life has unfolded. The culmination of all those experiences – both positive and perceived negative – has made you who you are. The only thing I would have liked to do a bit differently was to spend more time in the local community at an early age, because I love L.A! As I got a little bit older, I started to understand who I was and how I could be beneficial to other people. And my mom's work running her non-profit Guyana Medical Relief inspired me. But to answer your question, in short, I wish I had been a bit more active with philanthropic efforts earlier. There's just something about being a giver, man! 🙌

BETTY SUTTON QUINN '48 — Oak Harbor, WA. Hello alumni! My mom,

Betty Sutton/Quinn, is now 95 years old! Several years back, we were talking about her high school years and how she never heard from her class or been invited to a reunion. This inspired me to see what I might find out, and I signed on for the

Bugle. We have enjoyed finding an occasional name from her high school days that she recognized from time to time.

Now, we are wondering whether there are any from the class of '48, or from the years before and after, who may be around? We hope so!

high school in Santa Monica. Dad was 7th in the world as a Golden Gloves featherweight boxer, sponsored by Bob Crosby, Bing Crosby's brother, before Dad quit. While boxing, dad was contracted to be Mickey Rooney's double. They needed a boxer for the next movie. He did three movies and was listed in the credits. Mom's neighbor was one of the studio producers, and Mom's dad worked at the studios. Dad snatched up Mom and returned to Washington, where they successfully ran a glass/window/door business until they retired. Mom is legally blind, so if anyone wants to contact her, they can go through me.

Submitted by: Lyndell Collins (for Betty Sutton Quinn)

Here's a little more family background... My dad, Pat Quinn, was originally from Sequim, WA, on the peninsula. He was a character! He did his senior year in California, where he met my mom's older brother. In high school, Dad won first place in running track with his

short 27" inseam legs! I believe he graduated from

LINDA KATZ LEVINE '58,

JUDITH GOLDENBERG FARBER WEISSMAN

'60 — Los Angeles, CA. We are in our 17th year of involvement with the Leo Baeck Temple Community of

Elders program. We provide senior members with a variety of programs to combat isolation and loneliness

by meeting in person and fostering connections for people aged 75 years and older. We address the senior members' intellectual, psychological, spiritual, artistic, political, and physical health interests and provide social connections among them. We enjoy our work, giving opportunities for outreach and social action for justice within the Temple community as well as the Los Angeles community and beyond.

'70 TERRY KRELL, '70, Ashokanians — Los Angeles, CA. I'm busy with grandchildren, and I really enjoyed the 55th Reunion at Roxbury Park.

'73 MELISSA HILTON, '73, Lathalathesians — Los Angeles, CA. I retired in 2024 after 42 years in fashion, design, merchandising, and product development. I serve on the HAA Board of Directors as vice president, helping our fantastic alumni. When I heard that our alumni were giving back by awarding scholarships to current Hami seniors, I wanted to be involved. Supporting our future through youth development is very close to my heart.

We had a fabulous 50th Reunion in 2023, and we are gearing up for our 55th in 2028. I am so grateful to still be close to several of my high school and junior high school buddies. So, whether it's lunch or a phone call, it's always a great time.

'77 YASMIN GHAFOOR '77 — San Bernardino California. I have written a book called *The Untold Story of Yasmin Ghafoor*.

The book is my autobiography and tells about my life. You can Google it. The book is available everywhere. Thanks for reading it!!

'93 JASON SIEBOLD '93 — Denver, Colorado. I've dedicated my life to

theater and have performed in dozens of productions in the last 30 years. For the past eight years, I've been the executive producer of The Dinner Detective True Crime Murder Mystery Comedy Show, with 108 locations nationwide. I've also created several online

and in-person scavenger hunts and unique escape rooms to expand the Dinner Detective brand.

I recently took Rich Schraier on his last NYC trip in October 2025, and he got to see some students, old friends, and 14 shows before he passed on December 8th, 2025.

'06 KELLEY ESCALERA '06 — Lupton, Colorado. I'm married to the love of my life and raising our beautiful son. I run/own a small business at a local farmer's market.

Unfortunately, I only see my best friend from Hami, and we like to visit each other and go out in our cities. 🍷

NANCY LAWLER VOYER '50

I WAS BORN IN THE HOLLYWOOD HOSPITAL, AND I WAS DELIVERED BY THE SAME DOCTOR WHO DELIVERED MY DAUGHTER 22 YEARS LATER AT THE SAME HOSPITAL! I LIVED ON WEST ADAMS BLVD. AND LATER ON A CHICKEN FARM.

At the age of 11, on weekends, I sold eggs on Jefferson Blvd. with my sister Ruth. I belonged to the Blue Birds and Camp Fire Girls for 10 years, with the same wonderful leader. She had us do interesting things, even diving lessons at Beverly Hills High School. I could do a pretty good jackknife and handstand dive!

I attended photography school and started taking pictures of babies and shooting weddings. Then, for 15 years, I had my own photography studio near LAX, where I was busy photographing all the new flight attendants and pilots for Continental and Western airlines. I have also taken photos at about 800 weddings, including 100 for free, since retiring.

I have kept track of a few friends from kindergarten, jr. high, and high school through Christmas cards, phone calls, and now emails. Many children call me Grandma Nancy, even though I'm not related to them.

My fondest daydream as a child was that a horse would come to me with a baby strapped on with a note, "take care of my baby." The horse never came, but when I had been remarried for nine months, a beautiful 4-month-old baby girl fulfilled my dream!

As a young mother, I was lucky enough to have a daughter and six years later a son (but I was always hoping for twins). Then, after retiring at age 47, we were thinking about becoming foster parents. And then, my husband, Bill's, great-grandsons, age 1 ½ and 2 ½, fell into our lives and remained with us for most of the next 10 years. I've heard "be careful what you wish for."

I now spend time at the Ojai Athletic Club, where I have been swimming for the past 15 years. I have participated in five Masters Swim Meets, and I usually come in 1st or 2nd. My relay team achieved All-American ranking; proof that if you're in the right place, at

the right time (or age), with the right people (fast winners), and with a great coach, you can accomplish anything! And I still swim almost every day!

HARLAN BARBANELL '52

BY SKIP NEVELL

IN EVERY LIFE, THERE ARE DEFINING MOMENTS, IMPRESSIONS, AND MEETINGS THAT LINGER IN MEMORY. ONE OF THOSE SINGULAR MOMENTS, EARLY IN MY LIFE, WAS REALIZING THAT MY HOME ROOM AT LOUIS PASTEUR JUNIOR HIGH SCHOOL WOULD NEVER WIN THE ANNUAL SCHOOL PAPER DRIVE. THAT PAPER DRIVE WAS IMPORTANT.

But that was only the beginning. Clearly very bright, he did not disappoint. After graduation from Hamilton, bachelor's, master's, and ED degrees followed in short order, all capped by a storied 40-year career with the LAUSD.

While at LAUSD, Harlan was responsible for an innovative 24-hour-per-day adult education program that ultimately enrolled more than 10,000 students. He raised one million dollars for the United Way and, for the Red Cross, 100 units of blood. He represented LAUSD at a reception for Nancy Reagan, attended by His Royal Highness, Prince Philip. Personally, he squired Roxie Campanella, widow of Brooklyn Dodger great Roy Campanella, to numerous Dodger games and events. His rise with LAUSD began at Culver High, followed by a stint at Fremont and then as acting principal of Manual Arts. Following numerous other residences, he became the LAUSD director of vocational education in 1992, from which post he retired in 1996. He is a U.S. Army and Air Force veteran, honorably discharged in 1957 and recalled for service by the Air Force during the 1962 Cuban Missile Crisis.

In his spare time, Harlan is the resident expert and memorialist for the long-gone but not forgotten Triple A Pacific Coast League. He can tell you the names of all the prominent players for the Hollywood Stars, Los Angeles Angels, and numerous other teams in the PCL. He once asked me, in a Trivial Pursuit discussion, which I often enjoyed with him, the name of the Portland Beaver second baseman who, in the off-season, was a violinist with the Portland Symphony Orchestra. I, of course, did not know. He, of course, did (answer to follow).

Harlan once operated a driver education course for traffic violators. My wife, Grace (L.A. University HS, 1958), guilty

as charged and unaware of Harlan's identity, was quite surprised when, upon her appearance in his class, she was asked, "So tell me, Mrs. Nevell, how is Skip doing these days?"

Harlan can tell you the make,

color, cost, and model of every car he ever owned (lots), the name of every girl he ever dated (many), and the evolution of almost every word in the English language. At age 90, he still conducts dispute resolution hearings on behalf of the United States Postal Service. Harlan enjoys a most happy marriage of 54 years with his lovely wife, Laurilyn; is the grateful beneficiary of his son Jason's affiliation with a prominent insurance law firm; and is a doting grandfather. A thoroughly engaging guy, great fun to be with, he is a graduate of whom Hamilton can be justly proud, and for an encore, he provided for all of us a Trivial Pursuit question that wins a beer in any bar in town, Eddie Basinsky.

THE FOREVER 1950's

BY CAROLEE ROSSER TOWNSEND '55

I TOOK ART CLASSES AT HAMILTON HIGH, BUT I SOON REALIZED THAT ART WOULD BE A HOBBY, NOT A CAREER. I WOULD NOT BE A "STAR" LIKE ABE GURBIN, ART COLE AND ELAINE BERKUS.

I created oil paintings, pastel drawings, and glass-and-glue mosaic paintings. I used a Brownie camera to take photos of Cotton Day, Camera Day, and Grad Day at Knotts Berry Farm. I later used Canon cameras until I got an iPhone 7. Today, I use my iPhone 14 Plus to take portraits of flowers and roses in my garden.

I graduated from UCLA in 1960, with a B.A. in English. I used a portable Underwood typewriter for term papers. My first job, at Douglas Aircraft in 1962, was with the Space Physics and Planetary Sciences Branch of Advanced Space Technology as the Art Department liaison for scientists investigating the potential of a rocket-propelled moon landing. I learned some facts about solar flares and rocket design. I was laid off in 1965 at the Douglas Aircraft Company. It was on the same street as my job at Miller's National Pharmacy in Santa Monica, CA, where I worked as a

candy counter clerk while studying at Santa Monica City College and UCLA (1955-1960).

I co-designed two Homecoming Parade floats (1957 and 1958) with my friend Linda Thiem O'Neil. Around that time, my mom, Ina Floris Kincaid Rosser (1905-1958), a Missouri farm girl, died from multiple myeloma.

My part-time job at Yollis, Inc., as a call-out typist lasted over 15 years. In 1972, I edited and typed a family memorial written and typed in 1951 by my grandfather, James Leon Rosser (1870-1953), who worked at the Santa Fe Railroad for many years. I used an IBM Composer to type it at work; during lunch, I had copies printed and spiral-bound for close relatives. In the 1980's, I typed mobile home appraisals and term papers for students on my personal IBM Selectric Typewriter, and I wrote, edited, and typed a mobile home newsletter for five years.

My dad, Jack Leon Rosser (1903-1976), was a short-order cook in the 1930's. In the 1950's, he was the site manager of the Scrivner's Drive-In ("we never close"), where the famous personality Art Laboe was a roving disc jockey from 1:15 to 4:30 am on KXLA, 1110 on your dial!

My sister, Mary Rosser, S'55, joined me as a typist at Yollis, Inc. Co-workers had no idea we worked eight hours at a regular job. Mary worked 16 years at Douglas Aircraft (McDonnell Douglas). She worked for 28 years at the Aerospace Corporation until she passed in 2003.

My last job, 1966-2004, was at Williams Communications Group as the executive secretary to the vice president of sales, John Peoples Williams, who was a major leader in TV broadcast fiber sales. In 2000, streaming was presented to management as a future business. 📺

The Hami class of Summer '65 60TH REUNION CELEBRATION — Caledonians —

THE HAMI CLASS OF SUMMER '65 (*Caledonians*) held its 60th high school reunion on Saturday afternoon, October 18, 2025, at Fogo de Chao in Santa Monica. There were approximately 30 people who attended and came from all parts of California, as well from out of state. The lunch was impressive and everyone appeared to have a wonderful time. It was a lot of fun to catch up after so many years and the majority of us couldn't believe that 60 years had passed since we received our diplomas. There was a bit of sadness, too, because we have lost so many due to age, illness or some other reason.

Jose Morales

Hamilton High School Plant Manager

By Doritt Diamond

We first heard about José from Principal Jennifer Baxter, who spoke with sincere admiration about his work. Her enthusiasm made us eager to learn more and share his story with our HAA community!

DD: Jose, how would you describe yourself in one word?

JM: PROACTIVE!

DD: How long have you been at Hamilton?

JM: I've been at Hamilton for four years. I previously worked at Berendo Middle School, but about four years ago, I felt I was ready for a change. I saw there was an opening at Hamilton. I applied and got the job!

DD: Please tell us about your early years.

JM: I grew up in Los Angeles in South Central, in the Watts area. I went to 92nd Street Elementary School, Markham Middle School, and Jordan High School.

DD: What were you like as a kid?

JM: I had a big family growing up. I was the only boy with seven sisters! As a kid, I just wanted to work to help out my parents.

DD: If you could go back in time, what advice would you give your younger self?

JM: I would tell my younger self to stay in school! I would say: "Go to college, get a degree!" I didn't do it because, in my environment, I didn't have the resources to do it.

DD: What are you most proud of?

JM: I'm proud of my family: my wife and my kids. I have a wonderful wife, Diana – we have been married for 21 years; and three sons: Jose, 20, Javier, 14, and James, 11.

DD: What's the biggest factor that has helped you be successful?

JM: Taking pride in my work! I am responsible for creating and maintaining a clean and safe environment for students and staff. That is my number one priority. I have an assistant plant manager, Marcos Estrada, and a staff of nine to support me. My team at school helps me to keep things running smoothly and to succeed!

DD: What do you enjoy most about your work?

JM: I like taking care of the facility I take pride in my work. I like taking care of everything, behind the scenes. For example, for homecoming, once everything is set up, I like to stand back and see everyone enjoying the event.

DD: What is the best part of your job?

JM: Just knowing that, being at the school, I make a difference. I didn't have that when I was in school. I remember unclean restrooms, awful floods, and how unpleasant it was for us kids. So now, we provide a clean environment for the students and the school staff, that's the best part of my job.

DD: What are some of the events in your life that made you who you are?

JM: I think the struggle of my parents, how hard it was for them to provide for us, helped me grow into the person I am today.

DD: What is the best advice you can give someone regarding his or her career?

JM: Follow your heart and pick something you really enjoy. I would have wanted some kind of career in sports, maybe coaching or ???

DD: If you could start over, would you do anything differently? If so, what would you want to change?

JM: I would have stayed in school and gotten a degree.

DD: What do you like to do outside of work?

JM: Outside of work, I like to be around my wife, my kids, and our dog, Benny, who is part of our family! 🐕

The Hamilton High School community is strengthened by Jose Morales, who makes a difference every single day!

HAMILTON HIGH SCHOOL MODERNIZATION PROJECT

The remarkable transformation of our alma mater continues.

With a projected budget of **\$598,224,433**, the project is on track to be completed in November 2031.

Here are a few images showcasing the progress

These are very exciting times at Hamilton!

EILEEN (WEINTRAUB) DARDICK, 5'65 has been teaching cooking, as a hobby, for more than 30 years. Her classes convey her passion for healthy cooking alongside a healthful lifestyle. Eileen has showcased her cooking in the Beverly Hills Adult School Program, in cooking stores, and grocery chains — Bristol Farms, Sur La Table, Kitchen Conservatory, and more. In addition, she co-authored two cookbooks: *Cooking the Light Fantastic* and *Lite-er and More Fantastic*.

Friday nights (or even Sundays) are best for a pizza night when everyone is tired from the week and they need to chill out. Pour a glass of wine, get out your ingredients, have a little appetizer, and make your pizza and salad. I would make the cookies ahead of time, because I always make sure to make dessert first! This particular meal is outstanding and spring-like as the flavors blend together. The best part is who's in the kitchen helping, as it forms a bond. Enjoy!

MENU PIZZA NIGHT

RANCH COTTAGE CHEESE DIP
(IF DESIRED)

PIZZA NIGHT SALAD

3 CHEESE LEMON BASIL PIZZA

ITALIAN ALMOND COOKIES

Ranch Cottage Cheese Dip

- 16 ounces small curd cottage cheese (I use whole milk)

- 1/2 tablespoon water
- 2 heaping teaspoons of fresh chives, sliced
- 1 heaping teaspoon of fresh dill (no stems), minced
- 1 heaping teaspoon of fresh parsley leaves (no stem), minced
- 1 1/2 teaspoons dried onion flakes
- 3/4 teaspoon fine sea salt
- 1/2 teaspoon freshly cracked black pepper
- 1/2 teaspoon garlic powder
- 1/2 teaspoon onion powder

IDEAS FOR DIPPING:

- carrot sticks
- celery sticks
- bell pepper strips
- cucumber sticks or rounds
- chips (tortilla, pita, kettle chips, bagel chips, etc.)
- crackers (Triscuits, multigrain, sesame, pretzel crackers, saltines, etc.)

GARNISH (OPTIONAL):

- Drizzle of olive oil
- Red pepper flakes
- Sprigs of fresh dill or chopped parsley
- Cracked black pepper
- Lemon Zest

INSTRUCTIONS

1. Make the dip the night before and chill it in the fridge for maximum fla-

vor (optional). Place the ingredients in a small food processor or blender, and blend until smooth and well combined (about 1 minute).

2. Chill the dip in the refrigerator until you're ready to serve. Serve with your favorite veggies, crackers, and chips. Enjoy this delicious and easy ranch cottage cheese dip!

NOTES

- Scroll above the recipe card for customization ideas, storage tips, and more!
- You can make the dip the night before (it tastes even better this way)!
- If you wish, you can skip chopping the fresh herbs and just add a small amount.

Pizza Night Salad

This pizza night salad is the perfect side to go with a pizza dinner. Finely chopped romaine, radicchio, cucumber,

tomato, red onion, chickpeas, sun dried tomatoes, olives, and pepperoncini peppers are bathed in a robust red wine

vinegar and thyme dressing. Ready in 30 minutes!

Prep Time: 30 Mins

Total Time: 30 Mins

Serves: 6

INGREDIENTS

Red Wine Vinegar & Thyme Dressing

- ¼ cup red wine vinegar
- 1 tablespoon fresh thyme leaves, minced
- 1 tablespoon pepperoncini pepper brine
- 1 tablespoon vegan mayonnaise
- 2-3 teaspoons agave nectar/fine sugar/honey
- ½ teaspoon Dijon mustard
- ½ teaspoon Tamari soy sauce
- 1 clove garlic, finely minced with a Microplane
- Sea salt and ground black pepper, to taste
- 7 tablespoons olive oil

Salad

- 1 cup cooked chickpeas
- 1 cup cherry tomatoes, cut into quarters
- ½ medium red onion, small dice (about ¾ cup diced red onion)
- ½ English cucumber, small dice (about 1 cup diced cucumber)
- ½ cup pepperoncini peppers, stems removed and chopped fine
- ½ cup pitted olives, chopped fine
- 2 sun dried tomatoes packed in oil, minced (about ½ cup minced sun dried tomato)
- 2 romaine hearts, finely shredded (about 5-6 cups shredded romaine)
- 1 small head radicchio, finely shredded (about 2-3 cups shredded radicchio)
- Vegan "parmesan," for serving (optional)

NOTES

- I recommend a milder-tasting olive oil for the dressing here.

3 Cheese Lemon Basil Pizza

This pizza has just the right amount of spring citrus, spice, basil, and cheese! Every last bite is delicious!

Prep Time: 15 mins

Cook Time: 10 mins

Total Time: 25 mins

Servings: 4

INGREDIENTS

- ½ lb. ball of pizza dough
- 1 tbsp. extra virgin olive oil
- ¼ cup grated parmesan cheese
- 2 tbsp toasted sesame seeds
- 1 tbsp fresh thyme leaves
- 2 cloves garlic, chopped
- 1 shallot halved, and leaves separated
- chili flakes (to taste)
- 1 tsp honey
- ¾ cup shredded mozzarella cheese
- ¾ cup shredded provolone cheese
- 1 small Meyer or regular lemon thinly sliced
- fresh basil to taste

INSTRUCTIONS

1. Preheat the oven to 450° F.
2. On a lightly floured surface, push the dough out until it's thin (about a 10-12 inch circle). Transfer the dough to a baking sheet. Lightly brush the crust with olive oil, then sprinkle with parmesan, sesame seeds, thyme, garlic, shallots, and chili flakes. Drizzle over the honey.
3. Add the mozzarella and provolone. Arrange the lemon slices over the cheese, top with a handful or torn basil leaves.

4. Bake for 10-15 minutes or until the crust is golden and the cheese is bubbling. Remove from the oven and top with 2 big handfuls fresh basil. Slice and enjoy!

Italian Almond Cookies

This cookie is very chewy on the inside and crisp on the outside, BUT the entire outside is coated in sliced almonds for a fantastic look and is absolutely delicious. It is well worth the effort.

Prep Time: 15 mins

Cook Time: 20 mins

Total Time: 35 mins

Yield: 3 dozen

INGREDIENTS

- 1 pound almond paste
- ½ cup all-purpose flour
- 4 egg whites
- 1 cup white sugar
- 1 cup confectioners' sugar
- 1 cup sliced almonds
- ½ cup sugar (optional)

DIRECTIONS

1. Preheat oven to 350 degrees F (175 degrees C). Grease cookie sheets.
2. In a large bowl, use your hands to mix together the almond paste, flour, egg whites, white sugar and confectioners' sugar until well blended. The mixture will be very sticky. Place the sliced almonds into a small bowl. Scoop out rounded teaspoonfuls of the dough and drop them into the almonds. Roll until completely coated. Place 2 inches apart onto the prepared cookie sheets.
3. Bake for 15 to 20 minutes in the preheated oven, until golden brown. Cool on cookie sheets for a few minutes before removing to a wire rack to cool completely.
4. Sprinkle with sugar if desired. 🍪

JEAN CRAWFORD — Hamilton 1939. Jean Marie Crawford (nee

Glaser Samwell) left her long sojourn on earth at 104 years of age. Jean was born in Los Angeles to Marie Elizabeth

Glaser (nee Benkert) and Stephen Joseph Glaser. Jean's neighborhood had been part of her grandfather Frank Augustus Benkert's ranch and was later sold to Henry Culver to become Culver City. In the early 1900s, Jean's mother herded cattle near what is now Sunset Boulevard. Jean enjoyed a "roaring twenties" childhood, visiting Venice and Santa Monica Beach, and spending weekends and vacations at a cabin built by her mother and stepdad at Malibu Lake, where she played tennis and swam. She adored her stepdad, Leo Samwell, and loved him like her own father.

Jean graduated from Alexander Hamilton High School in 1939. She worked part-time in several photography studios in Hollywood. During World War II, she worked as an aircraft electrician at Lockheed-Vega in Burbank, once being accidentally electrocuted and breaking her jaw. After the war, she was a professional seamstress in Hollywood, with a few "starlet" clients. Jean met a dashing Navy sailor, William E. Crawford, at a San Diego nightclub in 1945. They were married in Alameda on October 14, 1947, and were together more than 60 years until Bill's death in 2008.

Jean continued to work outside the home as she raised her three children. She was a school cafeteria baker for 20 years, hand-making pizzas, cookies, and fruit pies at several junior high and high schools in Sacramento. She remained a skilled seamstress, sewing children's clothing, draperies, and suits. Jean was always active in her church and community, and her kids participated in church groups, scouts' groups, Little League, dance, and neighborhood clubs.

Jean was a founding member of Centennial United Methodist Church, where she provided financial and social support for over 75 years and volunteered in the rummage room for 45 years. She also gave her time as an election poll volunteer, washed laundry for women's shelters, and helped at the local clothes closet and food bank.

Jean had a sharp mind and a passion for learning. She traveled widely after retirement, visiting China, Australia, the Galápagos, the Amazon, Russia, Europe, Fiji and more. She read ravenously past age 100, listened to audio books when she lost her vision, and participated in book clubs into her final months.

Jean is survived by her children, Kevin Douglas (Louise Chiatovich; Kyle, Linden and Nathan), Karen Marie (Crawford) Edwards (Jessica, Erin), and Kent Lee (Justin, Kayla), in addition to seven grandchildren, great-grandchildren and four great-great grandchildren. She had space

in her heart for all of us, and she expanded our hearts in turn.

ANNETTE LEE DAVIS

DEYOUNG — Class of 1944, passed away peacefully on October 12, 2025, at the remarkable age of 99.

Annette was preceded in death by her beloved husband, William Earl DeYoung, who passed in 2011. The two shared a deep and enduring love, and their family takes comfort in knowing they are now reunited.

Annette was the last of the Davis and DeYoung family lines who attended Hamilton High, helping carry forward the Hamilton legacy through both families.

Annette and William were devoted parents and extraordinary people, raising three children — Michelle, Terry, and Terry's baby girl — and welcoming two wonderful sons-in-law, Scott and Lon. At the time of their passing, Annette and William had been married for 63 years, while their daughters had been married to their spouses for 47, 51, and 49 years. Together, Annette and William were blessed with five grandchildren and, following Annette's passing, seven great-grandchildren. They built a family grounded in warmth, wisdom, and unwavering love.

Annette spent her final months at home, surrounded by cherished memories and the presence of her loved ones. In her final days, she was comforted by family, who remained at her side — as she once promised

she would be at theirs. It was her daughter Terry's greatest honor to hold her hand in her final moments, just as she had done for their father years before.

Annette lived a long and beautiful life, filled with grace, strength, and devotion to her family. She will be deeply missed and lovingly remembered by all who knew her.

She enjoyed reading updates from Hamilton over the years, and the family thanks the HAA sincerely.

Terry DeYoung Krueger (daughter)

MARGUERITE LYON — 1947, passed away July 20, 2025.

Marguerite Lyon was born on March 26, 1930, in Santa Monica, California, to Mary Farias and Edward T. Rogers.

She was very proud of her roots in the Culver City area, as her mother was a descendant of two of the original grantees of the area's Rancho La Ballona in the 1800s, Ignacio Machado and Felipe Talamantes. Marguerite grew up in Culver City, attending St. Augustine Catholic School and Hamilton High School, where she met her dear friends Helen Upper Gillette and Georgia Ott. Throughout her life, Marguerite had fond memories of her days at Hamilton. She started her college education at Santa Monica City College and received her degree and teaching credentials from UCLA.

In 1953 she married Robert G. Lyon at the San Gabriel Mission. They lived in Hollywood for a time and then moved to the new neighborhood of Rossmoor in Orange County, California, where they lived for over 60 years. Marguerite taught elementary school for years in the Los Alamitos School District and ended her career as a program specialist for the Greater Anaheim Special Education Consortium.

After retirement, Marguerite spent decades serving her community as a volunteer for many organizations. She was a docent for the South Coast Repertory, the Long Beach Art Museum and Rancho Los Cerritos. She was a dedicated member of the Assistance League of Long Beach and was honored with their Unsung Heroes award. Marguerite was also one of the early members of the Literary Guild of Orange County and a key part of their annual book festival. She treasured her involvement with the Fine Arts Affiliates of CSULB, which provides scholarships for fine arts students, and was a past president. She was also a past president of the League of Women Voters of North Orange County.

Marguerite passed away on July 20, 2025, in Los Alamitos, California, at 95 years old, after a full and rewarding life. She was predeceased by her sister Carolyn in 1982 and her husband Robert in 2016. Marguerite is survived by her children Gayle Meldau and Michael Lyon, three grandchildren and two great-grandchildren. Her final resting place is El Toro Memorial Park in Lake Forest, California.

ERNEST CHASE — Olympians S'1952, passed away January 7,

2026. Sandy Burns was born in Los Angeles, California, the second of two children born to Margie and Chase

Burns. He was called "Skip" during his school years. Sandy graduated from Hamilton High School in Los Angeles and attended the University of Southern California. He served in the U.S. Navy from 1956 to 1961. He next worked in construction with a lifelong friend, traveling the world and working throughout the South Pacific. When he returned to Los Angeles, he met his future wife, Judy Johnson. They were married on August 5, 1966. Their first child, Tammy, was born in 1967, followed by K.C., in 1970. Sandy and Judy personally renovated their first home, setting a pattern of frequent moving to increasingly nicer residences. They lived for many years in Santa Monica, California, in their dream home.

Sandy worked for California Golf & Tennis, renovating public golf courses to increase access for Southern California residents. When the company became American Golf, Sandy served as vice president of acquisitions. He mentored many young professionals, a role he relished, and received numerous accolades in the golf business.

He was a consummate golfer and lifelong volleyball player with countless friends from the golf business, the Beach Club, and the Los Angeles Country Club. In his

late 50's, Sandy obtained his pilot's license, and enjoyed flying his small Cessna, "Tweety Bird."

Sandy and Judy maintained many close friendships and traveled extensively as a couple and with friends.

Sandy loved to spend time helping others, fixing things, checking in on friends, and smoking cigars. He was a cheerful and optimistic presence, often with a twinkle in his eye, to all who knew him. He was a playful and energetic grandfather who prioritized time spent with his grandchildren. After Judy passed away in 2022, he lived with their little dog, Max, in Brentwood, California. Sandy passed away on January 7, 2026, at the age of 92. He was laid to rest at the Hollywood Forever Cemetery next to his beloved Judy.

Sandy leaves behind many beloved friends and family members. He is survived by his children and their spouses, as well as six grandchildren.

BARBARA LEVINSON KAHN — **Tritons, W'53**, passed away peacefully on August 18, 2025, surrounded by family. Born in Chicago on December 13, 1935, Barbara came to LA at the tender age of three, destined to live a full and varied life marked by compassion, kindness, creativity, a brilliant and inquiring mind, and gratitude for her family, friends, and her very existence. She loved school and education was at her core, especially at Louis Pasteur Junior High—where, among other things, she developed a passion for

the Spanish language—and then at Hamilton, where she also excelled academically and kindled the spark of her lifelong interest in politics and women's rights. Revered by her classmates for her quick mind and supportive demeanor, she was elected Triton class president in her senior year.

Then it was on to UCLA, but that path was cut short when she met Ed, the love of her life, and, at this point, Barbara's future assumed a new trajectory. Married in 1956, Barbara and Ed became partners in all endeavors, sharing in building a business, in recreational and cultural activities, raising three wonderful children, and doting on their grandchildren, until Ed's untimely passing in 2008.

But with her stiff upper lip, Barbara faltered only briefly. Not one to sit idle, she applied her talents to multiple endeavors, immersing herself in educational pursuits (she was a voracious reader, a dedicated member of a book club for 40 years), her love of swimming, and her walks in the neighborhood, admiring the architecture and landscaping and often frequenting Roxbury Park. She also applied her keen business acumen to bookkeeping, as well as managing the apartment complex in which she lived.

Barbara's true passion was her family. Always intensely interested in their lives and activities and frequently serving as a sounding board, she spent as much time with them as she was able, especially

her grandchildren: Adam — son of daughter Lisa (Mark) in the LA area — and Brady (Emily) and Jana — children of son Michael (Mindi) in Dallas, as well as the newest edition, great grandson Bobby. Son Daniel (Fran Cortez) was of immeasurable support and a steadfast companion.

Barbara will be sorely missed, especially for her outgoing personality, her infinite kindness, her gracious demeanor, and the support and understanding she gave to her family and friends.

MIRJA LAURILA BISHOP — **Kanoans S'55**, passed away February 19, 2025. I met Mirja when we were students at Hami High in the '50s, and we fellow Canadians bonded at once. We graduated in the summer of 1955 as Kanoans. She was a delightful person with a sense of humor, a kind heart, and a great commitment to the welfare of animals. and spent considerable time volunteering at animal shelters. Mirja passed away this past February and I miss "my medical advisor" very much — that's what I called her after she became a nurse, and she always got a kick out of it.

Submitted by Sandra Coopersmith, S'55.

RICHARD SHAW — **Aleutians W'62**, passed away April 22, 2023. He was a rheumatologist in the city of ENCINO for many years and he was married to Hope Freleng. They had two children, Brian Shaw and Megan Shaw. He is very much missed by all who knew him. His love

IN FOND MEMORY OF RICHARD “WAYNE” JOHNSON

A Tribute to Mr. J:

Remembering a Beloved Teacher, Leader, and Advocate

By Melissa Hilton

It is with both gratitude and a heavy heart that we remember Richard “Wayne” Johnson, affectionately known to generations of Alexander Hamilton High School students and staff as “Mr. J.” Passing away in December 2025, Mr. J leaves behind not only a legacy of extraordinary service but also a community profoundly shaped by his warmth, humor, and tireless dedication.

Career at Alexander Hamilton High School

For over three decades, from 1962 to 1995, Mr. J’s classroom was a place where ideas flourished and students thrived. His teaching was never just about the curriculum—it was about imparting wisdom, encouraging curiosity, and nurturing the spirit of each young person who walked through his door. Through the years, he became an institution himself, guiding hundreds of students toward their best selves and leaving an indelible mark on Hamilton’s history.

Leadership and Advocacy

Beyond his role as an educator, Mr. J’s commitment to his colleagues and the teaching profession was unparalleled. As president of both United Teachers Los Angeles (UTLA) and the California Teachers Association (CTA), Wayne Johnson championed teachers’ rights and

benefits with unwavering resolve. He was a fearless advocate, negotiating for improved working conditions, fair compensation, and respect for educators everywhere. Mr. J didn’t just represent his fellow teachers—he inspired them to stand tall and believe in the value of their work.

Personal Qualities: Integrity and Nonconformity

What truly set Mr. J apart was his steadfast integrity and nonconformist attitude, always guided by a clear sense of what was right. He was never afraid to challenge the status quo if it meant doing justice for his students or peers. His authenticity was a beacon to all, reminding us that leadership is not about following the crowd, but about forging a path that others can admire and trust.

Impact on Students

Mr. J’s greatest legacy lies in

the lives he touched and the futures he helped shape. He was more than a teacher — he was a mentor, a cheerleader, and, sometimes, a gentle challenger, who encouraged students to think critically and dream boldly. Many former students recall how Mr. J saw potential in them before they saw it in themselves, offering words of encouragement that resonated long past graduation. His faith in each individual made all the difference.

Sense of Humor: Laughter in the Classroom

Of course, no remembrance of Mr. J would be complete without mention of his mischievous wit and infectious laughter. His jokes — sometimes dry, sometimes gleefully outrageous — were legendary, and his quick smile could lighten even the most challenging day. Whether riffing on historical figures or poking gentle fun at himself, Mr. J

showed that learning was not just serious business — it was also a joy.

Memorable Moment: The Tattoo Incident

One story that still circulates the halls of Hamilton is the day Mr. J surprised his class by revealing the tattoo of a weasel on his lower leg ! Announcing it with mock gravitas, he declared he was “making a statement” about self-expression. The moment ignited a lively classroom debate about individuality and conformity. The lesson, delivered with humor and heart, was never forgotten: Be yourself, but also know when to laugh at yourself.

Conclusion: Lasting Legacy and Fond Farewell

Richard “Wayne” Johnson’s legacy is etched in the minds and hearts of all who knew him. His voice, leadership, integrity, and laughter shaped not just Alexander Hamilton High School, but the broader community of educators and students across California. As we say farewell, we celebrate a life well-lived and thank Mr. J for showing us — by word and deed — what it means to teach, to lead, and to care. He will be deeply missed, but his spirit will forever inspire us to do right and to look for moments of joy in every lesson.

for medicine was number one on his list and his love for his dear family

WILLIAM P JACOBSON — Tai Shan S’62

passed away January 30, 2026. William Peter Jacobson, a distinguished entertainment attorney,

devoted football coach, and family man, leaving a legacy of integrity and mentorship. Born to Irving and Evelyn (Arkin) Jacobson in Los Angeles in 1945, Bill and his brothers, Joel and Steve, grew up in Beverlywood, where Bill graduated from Castle Heights Elementary School, Louis Pasteur Junior High School, and Hamilton High School. Later, at Colorado College, Bill was a threesport letterman in football, golf, and track and field, and enjoyed fraternity life at Kappa Sigma.

A proud alumnus of the UCLA School of Law, Bill served as senior editor of the Law Review, where his 1969 scholarship on criminal restitution earned a cover quote in US Law Weekly.

Nearly as significant to him, Bill’s UCLA Law flag football team beat USC Law’s team that was quarterbacked by Heisman Trophy winner Terry Baker. After law school, Bill served his country as a captain in the JAG Corps of the US Army and as an artillery forward observer at Fort Sill.

Throughout his 50-year-plus career as an entertainment attorney, Bill

was revered as a fierce, tireless advocate who prioritized his clients’ success above all else. His colleagues and clients alike leaned on his steady judgment, profound experience, and a generosity of spirit that defined his professional life. Bill also enjoyed taking time to mentor many young colleagues who would become successful attorneys and executives in Los Angeles.

Bill found his greatest joy in his family and community. His office was filled with photographs of his loved ones, who will forever cherish his self-deprecating humor, the life lessons he modeled through his actions, and how he showed up for them throughout their lives. For more than 20 years, Bill also volunteered as a high school football coach at Hamilton, Palisades, and Fairfax, whose team upset an undefeated Los Angeles High School squad to win the Division II City championship in 2015. For Bill, coaching was an extension of his role as a mentor, using the sport to instill accountability, confidence, and character in his players.

Bill is survived by his beloved wife, Tiiu; his children; and grandchildren. He will be missed by his many lifelong friends, colleagues, players, and extended family, including his nephews and nieces, who adored him. It’s remarkable how many of them say that Bill was like a second father to them. His memory will be a blessing to all of them.

MEMORIAL TRIBUTE FOR MR. RICHARD ARLEN SCHRAIER

The news of the passing of our beloved high school musical theatre teacher, Richard Arlen Schraier, has hit the Hamilton Academy of Music community hard. Rich passed away on December 8, 2025, at the age of 87.

But the outpouring of love says everything about the lives he changed.

Rich wasn't just a teacher — he was a force. He opened the door to the wonders of theatre: the joy, the technique, the discipline, the play, and the purpose. He believed in

us long before we believed in ourselves. I became a theatre teacher because of him. Others became performers, directors, arts educators, musicians, or simply better human beings because of the confidence and care he instilled.

Former students remember their endless debates with him over who was better — Sondheim or Webber. (In the end, he was right — and I'm grateful I got to tell him so while he was still here.)

Memories are pouring in:

"He enticed me into acting in high school, college, and summer stock. He shaped so much of my artistic life. I was lucky to speak with him this past year. May he rest in peace."

"Thank you, Rich, for believing in my voice and dance in Intermediate Choir, Musical Theatre, and for pushing me into Advanced Choir. Thank you for trusting me as dance captain, even when we pushed the tempo in No No Nanette just to challenge the tap dancers. Your kindness and passion gave me my love for musical theatre from the moment I saw The Music Man. Your dedication to all of us in A11 will never be forgotten."

Rich's impact went far beyond the classroom.

He was part of the founding era of Hamilton's Academy of Music, publicly listed as a former vocal teacher and a core figure in the program's early development.

He later served as educational outreach director for the Festival of New American Musicals, helping bring theatre education to students across Southern California.

He was also a board member of the Musical Theatre Guild, continuing his lifelong mission of supporting performers and the arts.

For those shaped by him at Hamilton, a community celebration of life was organized by alumni who loved him — hosted by Terry Pettigrew Rolapp ('00), Jesicah Rolapp ('01), and Parker Gootkin ('02), with proceeds benefiting the Academy of Music and Performing Arts — a perfect continuation of Rich's legacy.

Rich Schraier lives on in every note we sing, every student we teach, every story we tell, and every moment we choose to step into the light.

*Rest in peace, Rich.
Thank you for the light you shared so freely.
We'll carry it with us, always.*

2025. April was born in Culver City August 5, 1947, to Sam and Sophie Block. She attended grammar school in West Los Angeles and high school at Hamilton High — where she met her husband, Alan Meadow, and graduated in 1965. She went on to college at San Fernando Valley State, receiving her degree in political science.

Afterwards, she worked in a number of municipalities before taking up a position with the City of Beverly Hills, eventually becoming director of human resources for 28 years. She leaves her husband, Alan; brother Gerald, and many loving family and friends.

JEFFERY VINCENT WALTON

— **Kahelawanie '72**, passed away December 4, 2025. Born April 12, 1955 in Los Angeles. Jeffery spent his formative years in Compton before his family moved to the Pico-Fairfax area. He attended Crescent Heights Elementary School, Louis Pasteur Junior High School, and graduated from Alexander Hamilton High School in 1972.

Jeffery continued his education at West LA College, earning an

AA degree, and later received his bachelor's degree in criminal justice from Cal State Polytechnic University in Pomona. He was a proud and active member of the Alpha Phi Alpha fraternity, where he found brotherhood, deepened his devotion to service, and strengthened his pursuit of excellence in all his professional endeavors.

With a career spanning 30 years in law enforcement, Jeffery served on both the Los Angeles County Sheriff's Department and the UCLA Police Department, rising to the rank of detective and sergeant. He was admired for his leadership, professionalism, and unwavering commitment to community safety. Jeffery embraced the simple joys of life, always putting service to others at the forefront.

A beautiful celebration of life ceremony was held in Jeffery's honor at Inglewood Cemetery and a warm and loving tribute at the repast held at the Proud Bird.

his quiet strength and exemplary leadership, he will be deeply missed by all who knew him.

Jeffery leaves behind a legacy of service, devotion, dedication, and excellence in every community he touched. Known for

HAA 2025 IN REVIEW

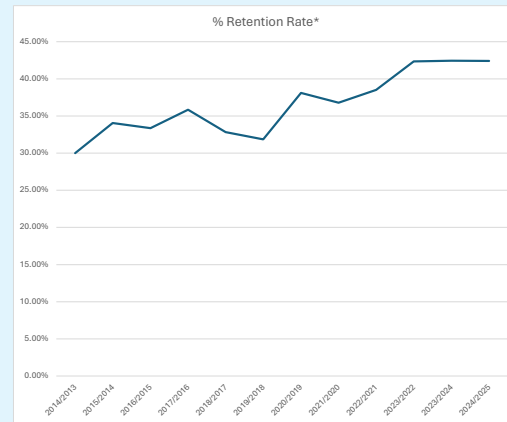

HAA FOUNDED 1993

Bob Raskin, HAA Treasurer S'58

1. HAA updated and amended its bylaws and elected a new slate of officers.
2. HAA initiated a mentorship program designed to support Hamilton graduates academically, emotionally, and socially by pairing them with a former Hamilton student at their respective college campuses.
3. HAA engaged with a consulting firm and partnered with HubSpot to implement a customer relationship management program, designed to communicate more effectively with our donor base.
4. HAA awarded 108 scholarships, including two scholarships to "Athletes of the Year," for a total commitment of \$102,550 for 2025.
5. We published and mailed two editions of the "Yankee Bugle," HAA's only "fundraiser."
6. Since the fall edition of the Bugle was released in December 2025, HAA donations have been tracking very well.
7. HAA provided \$7,500 in holiday gift cards to needy Hamilton families.
8. We transferred a majority of HAA's portfolio to a self-managed series of funds at Vanguard.
9. Despite a 43% decrease in donor numbers compared to 2013, total donations increased 18% over 2013 and 8% over 2024. This suggests that HAA has a segment of donors who are giving larger amounts over time, even as the total number of donors has decreased.
10. The average contribution per donor has shown a positive trend over recent years.

11. A Key Performance Indicator for a non-profit is the Donor Retention Rate, which measures the percentage of donors who contribute for two consecutive years. For 2024/2025, that rate was 42.4%. A good donor retention rate for a non-profit is 60% or higher.
12. The graph below shows a positive trend from 2013.

13. A key measure of a nonprofit's efficiency is called "Program Efficiency," which measures the percentage of contributions applied toward its mission. For the fiscal year ending 2025, this figure is over 90%. This means that for every dollar contributed, at least \$.90 is applied to HAA's mission.
14. Total Assets increased by 5.14% from 2024, due to portfolio gains.
15. The equity portion of a non-profit's Statement of Financial Position is composed of three entries:
 - a. Net Assets with Donor Restrictions
 - b. Net Assets without Donor Restrictions
 - c. Retained Earnings or Net Income or Loss for the year-end.
16. Donors may designate their donation be used to award scholarships, which is considered a "Restricted" donation. If no restrictions are stated, their donation can be used at the discretion of HAA's board.
